### *Aniba Rosaeaodora: "Bois de Rose" Rosewood*

---

Rosewood "Bois de Rose" is all about balance and focus. If your thoughts are scattered and your mind continuously racing, this multifaceted essential oil is for you.

In the history of aromatherapy, Rosewood is a relatively new comer. It is an excellent choice for all age groups. It has a gentle, yet effective calming action on the nervous system and does wonders to tone and boost the immune system.

Rosewood essential oil is a must if you suffer from PMS (PMT). If drawing blanks (momentary memory loss), fuzzy thinking or head is something that plagues you. Rosewood can help. It is an excellent choice to help curb frustrations and challenges we all face with daily living; a difficult situation at the office, traversing through rush hour traffic, Doctors visits, Airports, DMV (Nevada), malls at Christmas and any situation where you may find yourself tense, uptight and your temper simmering just below a rolling boil.
