

GARDENIA *Summer Snow*®

A profusion of sweetly-scented, snowy white flowers, amid dense, glossy green foliage make this hardy evergreen an elegant addition to your garden.

Introduced by Doug Torn of Buds & Blooms Nursery, this hardy Gardenia features an abundance of large, double, pure white, sweetly fragrant flowers amid large, heavily textured, dense, dark green leaves. 'Summer Snow'® thrives in neutral to acidic soil, prefers iron and higher fertility, and is drought tolerant. Its vigorous, symmetrical habit lends itself equally to use in borders, beds, en mass, and as specimen.
