

Elegant Southern Landscape Tradition

# Magnolia

GRANDIFLORA

**Bracken's Brown Beauty**

#### **'Bracken's Brown Beauty'**

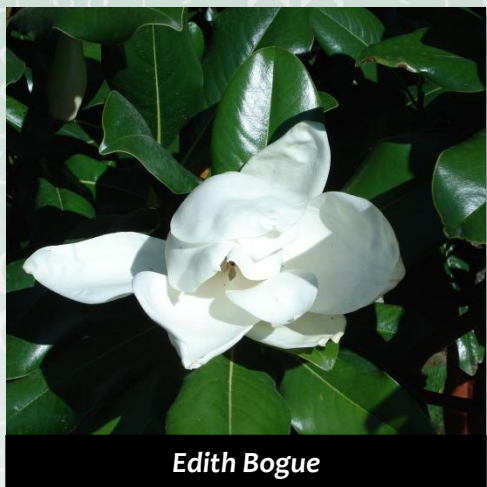

One of the best ornamental and cold hardy Southern Magnolias. Pyramidal evergreen growth to 35 feet. Fragrant cream colored flowers in late spring, lasting well into summer. Zone 6. 35'H x 15'W.

#### **'D.D. Blanchard'**

Powerfully fragrant white flowers are set off by shiny, forest green leaves, that are a striking orange-brown on the undersides. Bloom begins in early-summer and continue until fall. Upright and columnar in youth, spreading out with age. Zone 7. 30'H x 10-15'W.

**Edith Bogue**

#### **'Edith Bogue'**

Perhaps the hardiest of the southern magnolias, and a heavy bloomer, producing an abundance of large, fragrant, pure white flowers in summer and fall. Open, pyramidal habit. Zone 6. 35'H x 15'W.

#### **'Kay Parris'**

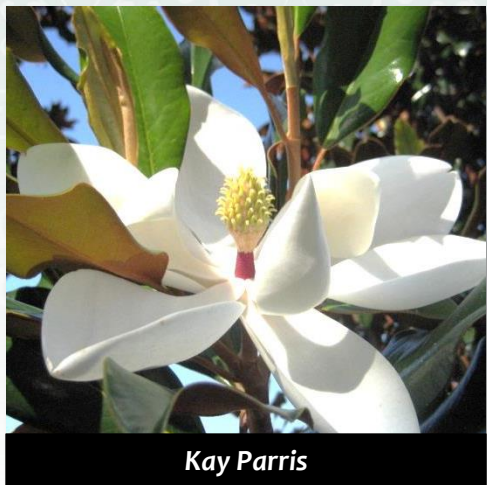

A scaled down Southern Magnolia that is smaller, but faster growing than other cultivars. Shiny leaves have wavy margins and coppery velvet undersides. New growth comes out a bit rosy. 'Kay Parris' has large, fragrant, 7-inch flowers, and blooms at an early age. Zone 6. 20'H x 10'W.

**Victoria**

#### **'Victoria'**

Not quite as hardy as 'Edith Bogue', but harder than most other cultivars. It has fragrant white flowers, and the underside of the evergreen foliage is lined with indumentum. Dense habit. Zone 7. 25'H x 15'W.
