## **Cameco Announces a New Northern Saskatchewan Scholarship**

Saskatoon, Saskatchewan, Canada, March 22, 2018 . . . . .

**Cameco** (TSX: CCO; NYSE: CCJ) is pleased to announce it will be offering northern Saskatchewan students funding opportunities for post-secondary education beginning this year. Cameco's Northern Saskatchewan Scholarship is a dedicated program, specifically for residents of Saskatchewan's north who are seeking funding for post-secondary education.

"Despite the tough economic times today, Cameco remains committed to our northern partners," says Tim Gitzel, president and CEO. "We want to support the future success of today's northern youth and education is key to long-term success."

Cameco's Northern Saskatchewan Scholarship offers up to \$5,000 per student each year. With the opportunity to renew up to four terms, this means some students could have their entire degree or certificate funded through the program. A total of \$50,000 has been allocated in 2018. Deadline for applications is July 15 and students can apply online at [www.cameconorth.com/scholarship](http://www.cameconorth.com/scholarship).

Additional scholarship opportunities are available to northern students through local community scholarships, funded through Collaboration Agreements with Cameco's community partners, as well as several other scholarships sponsored by Cameco. In total, this fall, more than \$200,000 will be available to students. Details of each scholarship program are available on [www.cameconorth.com/scholarship](http://www.cameconorth.com/scholarship).

### **Profile**

Cameco is one of the world's largest uranium producers, a significant supplier of conversion services and one of two Candu fuel manufacturers in Canada. Our competitive position is based on our controlling ownership of the world's largest high-grade reserves and low-cost operations. Our uranium products are used to generate clean electricity in nuclear power plants around the world. Our shares trade on the Toronto and New York stock exchanges. Our head office is in Saskatoon, Saskatchewan.
