PROFESSIONAL DEVELOPMENT

ReadyRosie PK-Elementary School Professional Learning Opportunities

The ReadyRosie professional learning approach is designed to strengthen learning partnerships between families and schools by providing tools, knowledge, and confidence so working together is enjoyable and leads to school readiness and improved student outcomes.

Select a Full Day Plan

Participants will create implementation plans to incorporate ReadyRosie family engagement tools with their existing efforts and family touch points based on best practices.

Each ReadyRosie Professional Development Opportunity:

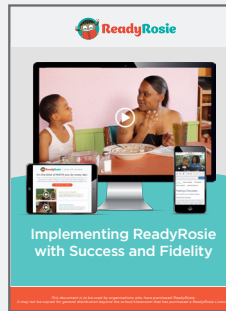

- builds educator expertise in working with families as key partners in academic success
- celebrates working with families and the rich, diverse experiences they bring to the classroom
- encourages teachers who interact with families to collaborate with colleagues and gain the tools they need in order to successfully strengthen family engagement
- inspires educators to encourage and support family efforts to learn outside of school
- includes ReadyRosie Modeled Learning Moments. These videos provide rich authentic learning activities with real families, in real environments and directly support the foundational skills children need to be successful in the classroom
- is interactive, engaging, and fun

Available Workshops

Each set of modules is designed to be 6 hours in duration and considered a full day of Professional Development.

Year 1 School Professional Development

Foundational skills around launching a successful family engagement effort using ReadyRosie are key in the first year. The two modules in year one lay a foundation for getting the most out of the platform and partnering with families in a more meaningful way.

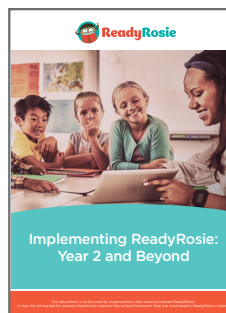

Implementing ReadyRosie with Success and Fidelity

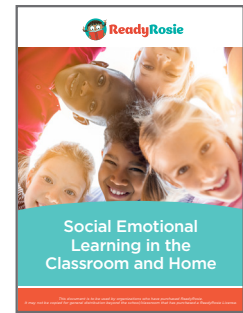

Partnering with Families throughout the Year; The Key to Success

Year 2 and Beyond School Professional Development (Option A)

You've already been using ReadyRosie in previous year(s) and you're ready to see the family / school relationship grow even more. This is a great time to reflect and celebrate previous year successes. "Option A" includes a module on Social Emotional learning.

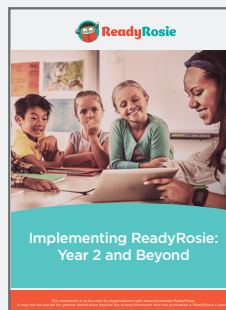

Implementing ReadyRosie: Year 2 and Beyond

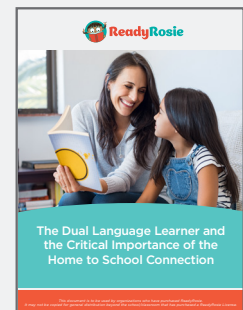

Social Emotional Learning in the Classroom and Home

Year 2 and Beyond School Professional Development (Option B)

You've already been using ReadyRosie in previous year(s) and you're ready to see the family / school relationship grow even more. This is a great time to reflect and celebrate previous year successes. "Option B" includes a module on working with families of diverse cultures.
