## Studio 3D Mini

Ultra-slim, Music-streaming Dolby Atmos Sound Bar System

STUDIO 3D MINI

Compact and easy to miss, until you hear it. Impactful, natural 3D surround sound, including Dolby Atmos and DTS:X. High-Res Audio music streaming. Premium materials and technology. Included subwoofer. Easy to set up. It's better to be heard than seen.

### PRODUCT FEATURES

#### Unobtrusive, Unforgettable Design

At less than two inches tall, this slim and compact sound bar is easy to miss, until you hear it. With striking angles and brushed aluminum, the room remains as beautiful as it sounds.

#### Dolby Atmos & DTS:X 3D Audio

When playing a movie with Dolby Atmos or DTS:X, the Studio 3D Mini offers a natural sound experience. Theater-grade signal processing for the six-driver array makes every movie unforgettable.

#### Stream Music with HEOS Built-in

With a single app, you can access millions of available songs including thousands of Hi-Res Audio tracks. Stream the music of your choice, including your own digital library.

#### HDMI eARC

eARC (enhanced Audio Return Channel) delivers 3D Atmos and DTS:X audio signals from the television. You will enjoy astonishing sound from a simple, one-cable setup.

#### 4.1 Driver Arrangement

Four 1" x 3" racetrack drivers (two side-firing for a wider sound stage). Two 1" aluminum dome tweeters for sharp detail. One 8" wireless subwoofer for deep and impactful bass.

#### 8" Wireless Subwoofer

The eight-inch, long-throw woofer delivers impactful power. The system may blend into the room, but the powerful bass attracts attention every time.

#### AirPlay 2

Sync with an Apple iOS or iTunes system and stream directly to the sound bar. Add it to an AirPlay 2 multi-room ecosystem.

#### Voice Control

Easy voice control from the most popular voice agents. Alexa. Siri. Google Assist. Set the volume, skip a track, and pause or unpause a song.

#### Home Automation

Includes drivers for the leading home automation companies including Control4, Crestron, URC, Elan, and more.
