

Day 12

Transmission 32:00

Music: [Daniel Schotsborg - 417 Solfeggio & Heavenly Air](#)

This transmission is a full-on experience of Light infusions. The excitement, support, love and honoring coming in from the Higher Realms is amazing. Allow those who are specifically aligned with your highest potential to assist, comfort and support you through this download of Light.

Your body has been prepared. Allow the Light to penetrate and infuse into every layer of your Being, your Entire Matrix. This is what we have been working towards. Open your heart and allow the truth of who you are to radiate forth from within your own heart.

Many Beings of Light are present to witness and celebrate this sacred event. Angels, Elementals, Dolphins, Councils of Light, Goddesses, Ascended Masters... the list goes on and on. I chose not to speak much during this transmission to allow for a deeper personal experience. It is an honor to facilitate this for you.

Breathe and Know that You Are Divine L I G H T!

Blessings!
