I certify that I have read and am familiar with the regulations under Arizona Revised Statute R12-4-422 and Commission Order 25; the Federal 50 CFR Part 13 and the other applicable parts in 50 CFR Subchapter B, Chapter 1; and that the information submitted is complete and accurate to the best of my knowledge and belief. I will comply with any municipal, county, state, or federal code, ordinance, statute, regulation or rule applicable to this license and that my live wildlife privileges are not currently suspended or revoked in this state, any other state or territory, or by the United States.

In accordance with provisions under Section 41-1030, Arizona Revised Statutes:

An agency shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by a statute, rule or state tribal gaming compact. A general grant of authority in statute does not constitute a basis for imposing a licensing requirement or condition unless a rule is made pursuant to that general grant of authority that specifically authorizes the requirement or condition. This section may be enforced in a private civil action and relief may be awarded against the state. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against the state for a violation of this section. A state employee may not intentionally or knowingly violate this section. A violation of this section is cause for disciplinary action or dismissal pursuant to the Agency's adopted personnel policy. This section does not abrogate the immunity provided by section 12-820.01 or 12-820.02.
