

Stewardship

Bible League International, a Charter member of the Evangelical Council for Financial Accountability (ECFA), is purposeful, strategic, careful, and firmly committed to good stewardship of funds entrusted to us by our partners. God's Word instructs us to be good stewards of His resources, and His Word guides us in all we do. As we provide God's Word to a lost and needy world, our desire is that people come into a relationship with Jesus and join His Church.

We also are committed to measuring results and providing appropriate ministry and financial reports. These reports not only allow our donor partners to see the impact of their gifts and prayers, they also honor God and praise Him for His blessings.
