

Two Cowboys for Lexi

by Roxi Cooper

It is amazing how the country never changes. After a year away at college in the city, my small town still looked and smelled the same. The only big difference was me. I had come into my own at college and learned things about the world that would make my momma blush and my daddy grab his gun and head for the dorms. I was confident in the knowledge I had gained from my studies and from some older college boys. The tomboy that headed out to school in September was gone. And it was obvious to my best friends Charlie and Rick when they pulled into my driveway, that I had changed.

My long brown hair hung loose around my bare shoulders, and my royal blue tube top left very little to the imagination. My legs looked nice and long in my cut-offs that accentuated my full hips. The boys looked at me like they used to when they stole a Playboy and opened the centerfold.

"It's about time you two showed up. I was gettin' bored here all by myself. Didn't ya miss me?"

"What the hell did you do with our friend Lexi? I didn't know she had a hot cousin living here!" I ran down off the porch and smacked Charlie across his chest before I jumped into his waiting arms. He was 6 feet tall and all muscle from working hard on the farm. I felt the roughness of his calloused hands on my thighs as I wrapped myself around him in a tight embrace.

"You don't like it, Charlie Hill? I finally took my hair down and started dressing like a girl!"

"You look beautiful, Lexi. Bet you drove those boys crazy in all your Lit classes up there." Rick smiled that dreamy smile of his while staring at me with his intense green eyes.

"You're sweet, Rick. I have so many books to talk to you about! Come here!"

I jumped off Charlie only to pull Rick into a tight embrace. They were both so much taller than me that my head rested perfectly on their chests. They both sported t-shirts with cut-off sleeves to show off their arms, jeans, and cowboy boots. It was like having my own romance novel models for best friends.

"Hell, we missed you so much, Lexi. It just ain't the same around here when you're gone. How many college boys fell in love with you? Do we need to go up there and beat some ass?"

"Hell, no, Charlie. I can take care of myself just fine. I met a few boys up there and let them see a side of me that neither one of you ever seemed to want." I started laughing, but they both got kind of quiet. Maybe I had hit a nerve on that one.

"We're all best friends, Lexi." Rick spoke quietly, and I saw a trace of sadness in his eyes. I knew as well as they did that they had both tried to win me over at some point, but it didn't get far because no one wanted to end our friendship.

"So, what do you boys have planned for us this afternoon? I can't stand to sit in this house another minute."

"We got a cooler full of beer and a basket full of food. Figured we'd head out to the lake for a picnic since it's so damn hot. You game?"

"Hell yeah!" I bounced over to Charlie's truck, my tits putting on a little show, and Rick gave me a lift into the seat. I scooted to the middle, my usual spot, and the boys got in on each side of me. Charlie was shaking his leg a little like he did when he was nervous. Rick was smiling, but it wasn't reaching his eyes. They were both a little too quiet for my liking.

"Boys, what the hell? Lighten up! I'm home. Be happy!" I nudged them both, and they snapped out of it. We laughed and joked all the way to the lake as they filled me in on the gossip of small town life. I gave them a little bit of information here and there, but I didn't want to make them jealous of my new life.

I never wanted to lose what we had. There had to be a way that I could have them both. It wouldn't be the first time I had dabbled in that area. I was far from innocent and had gained confidence from the sexual experiences that college presented me with. I knew for a fact that neither one of my best friends were virgins because they had told me in more detail than I had ever wanted to hear before I left. I had only had sex with one guy back then, and they both hated him.

It took us about 15 minutes to reach our favorite secluded spot by the lake, and the boys grabbed the food and beer while I set up the blanket. I kicked off my shoes while Charlie and Rick took off their shirts to take advantage of the hot summer sun. They each looked gorgeous in their own way as the sweat glistened on their tanned skin. I watched a trickle of sweat run down Charlie's chest, and I had the sudden urge to let my tongue follow its path.

It was getting harder and harder to get my mind off doing dirty things to these two boys. After almost a six-pack of beer, I was starting to feel a buzz. When I was drunk, there was no stopping me, and I usually got what I wanted.

"Hey, Lexi, whatcha thinking about over there? You're looking a little hot and bothered. You got a story to tell, pretty lady?"

"The only story I'm telling is about how damn hot it is. I'm going in. And you two should join me."

"But we didn't bring our suits. And I don't wanna drive all the way back to town to get them." Charlie had a big smile on his face when he said that, but Rick looked less amused. What had gotten into these boys?

"Who needs a suit? I'm going in with or without you!" I pulled my tube top over my head to reveal my black strapless bra. Then I shimmied out of my shorts and noticed both their eyes locked on me as my black lace thong came into view. I threw my clothes aside and went running for the water, leaving them with a perfect view of my ample ass.

"Girl, you must have lost your damn mind at that school!" I could hear Charlie yelling to me as I splashed into the water. I went under and got nice and wet before popping up and facing them.

"Got your eyes full, boys? Get your asses in here. It ain't like I've never seen you two in your boxers before!"

"I don't know, Lexi. You're drunk. Maybe you should come on out." Rick was always the level headed one.

"I'm fine! If you don't come in here right now, I'm coming out to get you. You shouldn't make a lady wait!"

"Hell, why not?" Charlie took off his boots, socks, and jeans and came running at me full speed. I didn't have time to get anywhere before his arms were around my waist. I was about to turn around and yell to Rick, but he was already on his way in.

We started splashing water at each other, and I almost forgot that I was practically naked in the water with them. At one point, Rick grabbed me from behind, and I couldn't help but feel the obvious through his boxers. I pushed my hips back so that my ass grinded into him, and his grip tightened on my waist.

Suddenly, Charlie was right in front of me, and it had gotten very quiet. I ran a finger down the middle of Charlie's wet chest, tracing the muscles until I reached the waistband of his boxers.

"Maybe we better get out now." Rick's voice was husky in my ear, and I knew that wasn't what he really wanted.

"I don't think we should do that. I think I like you both right here with me. I think you both know what I want."

"I don't know about this, Lexi. It could change everything." Rick sounded worried, so I turned to face him and kissed him. He didn't pull back. Instead he gripped the back of my head and plunged his tongue into my waiting mouth. I could tell he was hungry for me.

"Hey, don't leave me out." I broke away from Rick only to kiss Charlie with the same passion I had for Rick. They were both pressed against me, and I could feel what my practically naked body was doing to them. As I was kissing Charlie, Rick unhooked my bra and pulled it off. I grinded back against his hardness as he took my 36D breasts into his huge hands and started to knead them.

Charlie pushed his erection into my stomach as I continued to kiss him. They both felt so good around me, and I was losing myself in the beer buzz and hard bodies.

"Maybe we should head back to the blanket." I agreed with Charlie and held bold of their hands as they led me out of the water.

When we reached the blanket, I slipped out of my thong and lay back, resting on my elbows. I enjoyed the show as they slipped off their wet boxers. Charlie was about 8 inches and very thick. Rick must have been at least 10 inches. I licked my lips in anticipation of what was to come.

Rick lay down on his stomach between my legs and pushed my thighs apart. Charlie positioned himself on his knees near my face. I grabbed his cock by the base and started to lick a slow circle around his swollen head. The first touch of Rick's tongue on my swollen clit made me cry out. He licked all the way up from my forbidden hole to my clit, then concentrated on my sweet spot.

Charlie pushed forward, and I took him as far as I could into my mouth. He was so huge that it was stretching my mouth to the max. I loved tasting him while Rick pleased me. It was exactly how I had imagined it. Maybe better.

"I love seeing your pretty mouth wrapped around my cock, Lexi. You don't know how many times I jacked off thinking about this." He wrapped my hair around his hand and gently guided me.

Rick inserted two fingers inside me, and I was going crazy. That boy knew what he was doing. And I always thought he was the quiet, shy one. I could feel something starting to build low in my belly, and I was dying to let go. Rick was relentless with his tongue, and within a few more seconds, I drenched his face in my sweet juices. He continued to lick it all up until I was done.

"Fuck, that was delicious, Lexi. Now I'm gonna feel it for myself." He moved up between my legs and positioned his swollen head at my opening. Rick pushed in slowly, filling me completely with his big cock. He started to fuck me at a slow, steady pace while I continued to devour Charlie's thick cock.

I had never felt more comfortable or free as I pleased these two men that I knew would protect me with their lives. It was already way better than anything I experienced in my time at college, and I didn't want it to end.

Rick continued to pound into my wet pussy for a few more minutes, showing more control than I thought would be possible from a 19-year-old boy. Then he decided it was Charlie's turn.

"You gotta feel this. She's sweeter than I ever imagined." They switched positions, and Charlie asked me to get on my hands and knees. Rick moved in front of me, and I took his cock in my mouth, tasting myself on him.

Charlie leaned down and started to lick my ass while he slipped a finger in my pussy. It felt so good that I started to move back against him as I deep throated Rick. After exploring me and getting me ready for his size, Charlie pushed into me in one big thrust. I had never had anyone as big as him inside me, especially from behind, and it felt amazing.

He didn't take it easy on me. He grabbed my hips and started to drive into me over and over. I could barely keep my lips around Rick as I cried out. We found a steady rhythm as both of my best friends gave themselves to me. My body was theirs to touch and love.

I had never experienced double penetration because fear had gotten the best of me. But here in this moment with Charlie and Rick, I was ready. I needed to feel both of them moving inside of me. It was something we needed to experience together. I no longer had to choose which one I wanted. I could have both.

I took my lips off Rick, pulled away from Charlie, and pulled them both close. I could only hope they wanted what I wanted.

"I need you both inside of me now. It is a fantasy of mine that I've always been too afraid of. Now I want you to fulfill it. I want Rick in my ass and Charlie in my pussy. Please don't say no."

"How the fuck could we say no to that, pretty girl?"

"Yeah, we'd have to be fucking insane to say no to anything you ask."

I kissed them each then threw my head back as each one licked and sucked one of my hard nipples. They laid me down on my side with Rick behind me and Charlie in front. Rick ran his fingers through my wet folds then inserted one into my tight asshole, preparing me for him. Charlie rubbed my clit to get me extra wet.

When they felt I was ready, Charlie placed himself at my opening and pushed inside slowly. He kissed me passionately and hungrily, ready to fulfill my every want. He stayed still while Rick spread me wide from behind and pushed his thick cock against my other hole. I tried to relax and let it happen, but my heart was beating wildly in my chest.

"Don't be scared, Lexi. If it hurts, I'll stop." I felt myself relax from his words and held onto Charlie while Rick pushed inside my ass. He eased his way in slowly, stretching me completely. When he was fully inside, we all stayed still. I was full of my two best friends, and it was the most amazing feeling.

When my grip on Charlie loosened a bit, he started to move slowly inside me. Rick took his cue from him and moved in unison. I continued to kiss Charlie as Rick licked and kissed my back. I was crying out from the overwhelming pleasure, and I could feel and hear what it was doing to them. I was so wet that I could hear Charlie's huge cock moving in and out of me. I could tell Rick was holding back a bit because he didn't want to hurt me.

"It's okay to let go, Rick. It feels so fucking good. I need both of you fucking me. I want you to both cum inside me."

"Fuck, Lexi, you make it hard for any man to hold back." Rick gave in and started to push in deeper and harder. Charlie was pumping up into me hard, and I was

starting to feel myself move toward the edge. They were hitting spots inside of me that I didn't even know existed.

Charlie and Rick moved inside me over and over, pushing me toward my peak. When Charlie took a nipple in his mouth, I lost it. I came so hard, bucking my hips and crying out. Thank God no one was around to hear me lose control.

Rick was next to lose it. His teeth bit into my shoulder as he released his hot cum into my ass.

"That's right baby, cum in me. Give yourself to me. I want it all."

"Fuck, you are the hottest thing I have ever seen!" Once he came he held still, but he stayed inside me. Charlie was thrusting out of control at this point. I could tell he was close, so I spurred him on.

"Fuck me, Charlie. I want you to fuck me until you lose it. Please fill me full of you. I need it baby."

Within seconds, Charlie cried out my name as he shot stream after stream of cum into me. When he finished, he kissed me slow and deep and they both held me. Slowly, they each pulled out, and I already felt the loss.

"Lexi, I guess you did learn a few things at that big school. But now I don't know if we can send you back." I smiled at Rick.

"Yeah, that was the best fucking thing I have ever felt."

"Well, just think boys. Summer has just begun."

I smiled at them as we lay naked in the hot sun. I couldn't wait for round two.
