1. Introduction

This document contains all essential information for the user to make full use of this A2019 – ClearTrip Flight Rate Checker. It includes a description about retrieving travel details of a User from the www.cleartrip.com website as an Excel Sheet and Send through E-mail Attachments.

1.1 Overview

- This bot prompts for the User Travel Details
- The bot searches for available flights in a particular Date of Travel from the Website
- All the Flight Details Like Airlines, Departure, Arrival, Duration, Price are fetched into an Excel sheet.
- After User Search, the Output Excel Sheet will be sent to a desired Receivers E-mail address.

1.2 Use cases

The key use cases include:

1. Time Saving.
2. The user can easily choose the best deal from the output excel and straightaway book the ticket.

2. Requirements & Pre-requisites

2.1 System Requirements
