Landowner Rights

In compliance with Texas law, enclosed is a copy of the Texas Landowner's Bill of Rights for your review. As an entity with eminent domain authority, we must provide the Texas Landowner's Bill of Rights to the last known address of the property owner(s) (as listed on the most recent tax roll) before or at the same time as first representing, in any manner, that we possess eminent domain authority. Prepared by the Texas Attorney General's Office for distribution to landowners, the Bill of Rights is designed to make you aware of your rights as a landowner when being approached by companies having the right of eminent domain.

Please understand that CenterPoint Energy is sending this information to you as required by law prior to beginning negotiations. Once surveying is complete, it is our desire to negotiate an agreement with you for the acquisition of an easement or other necessary property rights.

If you have questions please call our project numbers at 832-773-6185 or 832-773-6186.

We look forward to working with you or your representatives to come to a mutually satisfactory conclusion for all parties concerned.

Sincerely,
