Dear Vendor,

We are pleased to announce that we have, for ourselves and for the affiliates of our Group, partnered with C2FO, a global leader in working capital solutions, to provide a secure online platform that enables you to have your invoices paid early by relevant STMicroelectronics' affiliates.

Through the C2FO platform, you can suggest a discount on one or all of your outstanding invoices with us and STMicroelectronics' affiliates, and if your offer is accepted, we and/or the relevant STMicroelectronics' affiliates will initiate early payment on the next immediate payment run. Payments will respectively come from us and/or the relevant STMicroelectronics' affiliates using your current payment method.

The STMicroelectronics Group Early Payment Program is simple and has many advantages:

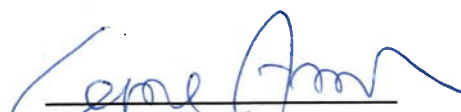

- Access to cash flow whenever you need it
- Lower cost than traditional sources of funding
- No changes to existing payment terms
- No maintenance fees and no paperwork to complete

Finally, the best part about the program is that you determine which invoices to discount and how much of a discount to offer, so you're in complete control.

To learn more about the program and activate your account, please visit [stmicro.c2fo.com](http://stmicro.c2fo.com).

Thank you for your continued partnership with STMicroelectronics.
