

Dear Tech Data Supplier,

We appreciate the working relationships we have with our suppliers and continuously look for ways to strengthen them. We're pleased to announce we are now participating in the C2FO Market, a dynamic early payment marketplace that can help you improve your cash flow by receiving early payments directly from Tech Data on approved invoices.

This program is an important supplier benefit best reviewed by the organization's finance team. If you are not the person responsible for cash management please forward this information to your CFO, Controller, Treasurer or Credit Manager.

Tech Data C2FO is a voluntary program that is expanding rapidly as suppliers realize significant benefits from their participation:

- Provides you an additional working capital funding option at competitive rates
- Lowers your days sales outstanding (DSO)
- Allows you to schedule receipt of payment directly from Tech Data to optimize cash flow
- Creates visibility to Tech Data approved invoices in a secure online environment

We have partnered with C2FO to facilitate accelerated payment of approved supplier invoices via their secure C2FO Market. For a discount, you can receive early payment directly from Tech Data to improve cash flow at rates that are often less than the cost of borrowing short-term working capital.

We believe you will find Tech Data C2FO to be a flexible option for improving your working capital efficiency.

Thank you for your continued partnership with Tech Data.

Scott Walker
Vice President, Treasurer
