

Dear Supplier,

We are pleased to announce that we have partnered with C2FO, a global leader in working capital solutions, to deliver a secure online platform that provides you with an opportunity to receive early payment on your UNFI invoices.

Through the C2FO platform, you can suggest a discount on one or more of your outstanding approved invoices with us. If your offer is accepted, early payment will be initiated on the next immediate payment run. You will receive early payment on UNFI invoices using your current payment method.

The UNFI Early Payment Program is simple and has many advantages:

- Access to cash flow whenever you need it
- Lower cost than traditional sources of funding
- No changes to existing payment terms
- No maintenance fees and no paperwork to complete

Finally, the best part about the program is that you determine which invoices to discount and how much of a discount to offer, so you're in complete control.

To learn more about the program and to activate your account, please visit **UNFI.c2fo.com**.

Thank you for your continued partnership with UNFI.
