

Dear Vendor,

A warm welcome to you from team C2FO.

We invite you to access our secure online platform to have your invoices paid early.

Zydus Lifesciences Limited (formerly known as Cadila Healthcare Ltd). has associated with C2FO as one of the solution providers to support vendors by providing on-demand access to the working capital tied up with various financing entities.

Through the C2FO platform, you can now suggest a discount on one or all your outstanding invoices. If your offer is accepted, the payment date will be updated, and we will initiate early payment on the next immediate payment run

Benefits of the C2FO Early Payment Program:

- Access to cash flow whenever you need it
- Lower cost than traditional sources of funding
- No changes to existing payment terms
- No maintenance fees and no paperwork to complete

Finally, the best part about the program is that you determine which invoices to discount and how much of a discount to offer, so you're in complete control. To activate your C2FO account, please click on the following link:
