NO-COAT[®] PRO

Automated Drywall Corner System

THE FASTEST AND MOST EFFICIENT CORNERING SYSTEM AVAILABLE

The **NO-COAT[®] PRO Automated Drywall Corner System** — consisting of **NO-COAT[®] PRO**, **NO-COAT[®] PRO CORNER** and **Lite Taping joint compound** — produces ready-to-install drywall corners with joint compound applied to any angle and cut to any length.

NO-COAT PRO is designed to work exclusively with NO-COAT PRO CORNER and CertainTeed Lite Taping Ready-Mixed Joint Compound.

Commercial contractors realize a labour savings greater than 30%

Use a CertainTeed NO-COAT[®] PRO roller for best results.

Comes with handy remote control.

Durable Strong Lightweight Efficient

- Eliminates jobsite waste and on-site product storage damage
- Replaces pre-cut stick lengths and roll products with one simple 250' roll
- Easy-to-use trilingual keypad simplifies operation and stores custom measurements
- Hopper is easy-to-fill, clean and cap for overnight mud storage
- Powered by convenient 110 volts
- UL/cUL certified
- For optimal performance, NO-COAT PRO requires NO-COAT PRO CORNER and CertainTeed Lite Taping Joint Compound

CertainTeed
SAINT-GOBAIN

The fastest and most efficient cornering system available

NO-COAT[®] PRO uses **NO-COAT[®] PRO CORNER** and **Lite Taping** to produce ready-to-install corners with joint compound applied to any angle and cut to any length.

NO-COAT[®] PRO

The NO-COAT PRO machine is the first and only automated system for custom cutting corners of any length or angle. Its lightweight portability makes it easy to move on the jobsite.

- NO-COAT PRO is designed to be used with NO-COAT PRO CORNER and CertainTeed Lite Taping Ready-Mixed Joint Compound
- Portable size is light-weight and easy to maneuver
- Replaces pre-cut stick lengths and roll products with one simple 250' (76.2 m) roll
- Easy-to-use keypad simplifies operation and stores custom measurements

LITE TAPING JOINT COMPOUND

- Ready-Mixed
- Excellent adhesion and coverage
- Lighter than conventional ready-mix
- Minimal mixing and thinning
- Shrinks less, dries faster
