**KD622T**  
**THE ORIGINAL**  
**FLY TAPE**  
**X-LARGE FORMAT**

To use, unroll fly tape and hang wherever flying/crawling insects are a problem.

**CAPTURES:**

Flies, Wasps, Gnats, Mosquitoes, Moths, Black flies  
Other flying & crawling insects.

**DIRECTIONS**

- 1) Remove Fly Tape roll from box
- 2) Hang from string using a nail or thumb tack.
- 3) Pull out fly tape as needed (Sticky Side Out) and pin end of tape with a thumb tack. Can be hung vertically or horizontally. If hung horizontally, an additional thumb tack may be needed for the centre of the Fly Tape.
- 4) Cut used tape and dispose of once usable surface area is covered with insects.
