

# TRIBUTE CASEMENT WINDOW

We've updated our 2016 Tribute Casement Windows. Our new design offers a 3 1/4" overall frame depth with integral 7/8" brickmould and nailing fin (with the option to be cut out for J-Trim).

## FEATURES & BENEFITS

- 3 1/4" frame from behind the nailing flange
- Added interior walls for improved structural performance
- Standard with 3/4" integral return
- Standard with 7/8" integral brickmould (can be cut out for J)
- Casement opens a full 90 degrees, easy for cleaning
- Available in standard and custom sizes
- Available in white extrusion
- Available in all standard colors or custom Permafinish™ colors
