

## 24" STAINLESS STEEL WHIRL-A-WAY WITH CASTERS

MODEL: 85.403.010

COMMERCIAL

SERIES

### FEATURES

- **One of the best attachments** for a pressure washer to clean large flat surfaces. The three rapidly spinning jets create a large, streak-free cleaned path greatly reducing the time and effort needed for projects such as parking lots, driveways and sidewalks.
- **Ergonomic twin handles** with built-in trigger makes it easy to operate and maneuver.
- **Four swivel casters** allow the whirl-a-way to glide over flat surfaces maintaining a consistent height for the spray nozzles to be as effective as possible.
- **Bristle skirt** keeps debris and overspray contained.
- **Quick connect** fitting in the end of the trigger gun quickly connects to the high-pressure hose.
- **Stainless steel housing** handles the toughest jobs and conditions, protecting the rotary arms and resists corrosion.
- **High temperature seals** allows this unit to be used with a hot water pressure washer.

**Optimize your Surface Cleaner** by ensuring it has the right spray nozzles for your pressure washer by following these steps:

- Check the orifice size of the spray nozzles that came with your pressure washer. It will be the last three digits stamped into the spray nozzle body.
- Divide the number on the nozzle by the number of nozzles on the whirl-a-way. Eg, 040 spray nozzle/3 = 13.33.
- Select a spray nozzle that is closest to the number.
