Cleaning & Care

- To clean, use hot water and dishwashing liquid with a brush or sponge. Wipe dry with a dry cotton cloth or paper towel.
- After cutting meat, clean with one-part white vinegar to four-parts water (or hydrogen peroxide). Soak cutting board in solution for a few minutes, rinse then dry with paper towel.
- To prevent the board from cracking or warping, do not soak for a long period of time (few minutes maximum).
- Not suitable for dishwashers.
- To maintain the surface, oil the board once a month using an oil such as Gilly's 250ml Chopping Board Oil and follow the instructions on the packaging.
