Go Power!™ Automotive Power Supply Charger

The Professional Choice for Industrial Battery Charger + Power Supply

- 55, 75 + 100 amp options
- Heavy-duty, removable clamp set: 15’ cable
- 2 year warranty

A compact and powerful tool to supply or re-charge batteries.

- One of the most cost-effective chargers on the market
- Provide a constant and clean power supply without discharging battery. Ideal for:
  - scan tools
  - programming of ECMs
  - flash testing
- Highlight a vehicle’s electrical features and accessories without the distraction of noise from the engine
- Detachable 15’ cables and carrying handle enable simple use during field service

What We Offer You

We offer more than quality products. Go Power!™ also provides full technical support, excellent customer service, a well-stocked inventory and a desire to make your business successful.

Clean, quiet and affordable mobile power.
Go Power!™ Automotive Power Supply Charger

Advanced switch-mode design

Safety features include:

- **Reverse battery polarity protection** via automotive spade fuses
- Low AC voltage input protection
- Over-current protection
- Over-temperature protection
- **Built-in, 3-stage battery charging** - provides the most efficient and rapid charge on the market

**Regulated DC output** prevents overcharging of the battery and provides the exact battery voltage required for complex service and reflash.
