Ultra-Low 24" Bed Height Available:

- + Choose Optional 7K Dexter Electric Drop Axles to Provide an Ultra-Low 24" Bed Height

Premium Hydraulic Systems
A dump trailer is only as good as its hydraulic components, and we choose to use the finest parts available. Our pumps are shielded in a steel locking toolbox for protection against the elements.

3' or 4' High Sides
Our 3 & 4 ft high sides give you the extra space to safely carry bulky loads like brush and scrap metal without the need for side extensions.

Ultra-Low 24" Dump Bed Height
The DM's optional 24" deck height allows for a 14° load angle, making equipment hauling even easier. It also lowers the center of gravity for improved towing.
