

Replacement Warning Flag Line

Part #: 15231

Compliant with all OSHA 1910 and OSHA 1926 Subpart M regulations when used as a component of a complete warning line system.

Replacement Warning Flag Line is suitable for the following application:

Fall Prevention: Replacement Warning Flag Line may be used as a component of Fall Prevention systems ONLY. Fall Prevention Systems are placed around the leading edges of any and all fall hazards to prevent a worker from going over an edge, and may be used in substitute of Fall Protection or safety netting systems. Installation requirements for Fall Prevention Systems set forth in product instruction manuals MUST be adhered to. Personal Fall Arrest, Work Positioning, Climbing, Rescue, and any other systems must NEVER be connected to Fall Prevention Systems.

Use of equipment in unintended applications may result in serious injury or death.

Materials: heavy-duty nylon.

Length: 100'.

Minimum tensile strength: 500 lbs.

Flags spaced every 2½'.

For use in combination with Guardian Fall Protection Single Stanchion (part # 15225), Goose Single Stanchion (part # 15227), or other compatible warning line post, as determined by the jobsite Competent Person.

UPC-A Code: 672421152318
