Sometimes a product can remain virtually unchanged for hundreds of years, until a flash of inspiration leads to a revolutionary innovation that changes an industry forever.

This is the story of one such moment.

Drew McGill and Stan Wright owned the Wright & McGill Co. in Denver, Colorado. Their company was known for tying high-grade fishing flies, a passion of Drew's. On this fateful day in the 1920's, Drew took a break while fly fishing the Colorado River.

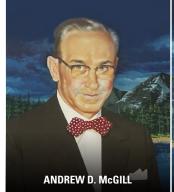

While the rainbows and native trout were rising, they were proving exceedingly difficult to hook. Lighting his pipe and reflecting on ways he could improve his technique, Drew's attention was drawn to one large eagle circling lazily overhead. As the bird landed atop a nearby dead cottonwood, Drew noticed how the tips of the bird's talons lightly gripped the weathered, stripped limb.

Suddenly Drew had an idea: what if his hooks were shaped like an eagle's talon? Using a pair of fishing pliers, he slightly curved the point of his hook, giving it the angle needed to penetrate the leather of his fishing creel. He spent the rest of the day testing different shapes and sizes until an afternoon thunderstorm drove him from the river.

Drew returned to his fly factory in Denver and immediately started refining his design. He envisioned a hook that would exert greater penetrating power in the direct line of pull of the leader. It wasn't long before he created his masterpiece, a hook that would change the way people fished forever, with sweeping curves and sharper points, forged for strength and greater hooking power. What else could Drew and Stan call it but Eagle Claw?

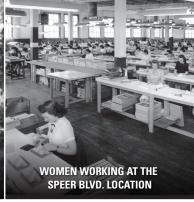

Today, the Eagle Claw family of brands is the most recognized in all of fishing. We still make our world-famous hooks in Denver and are proud to be the only brand made in the United States.

Since 1925 Wright & McGill Co. has been a family-owned business located in Denver, Colorado, producing American Made Fishhooks.

Today, Eagle Claw is considered the most innovative fishhook company in the world and is the only fishhook manufacturer in the U.S.A.

In 2025 Eagle Claw will open a NEW facility in Cheyenne, Wyoming which will add capacity and possibilities to fulfill the company's mission of providing affordable. American-made fishing tackle to anglers all around the world.

They Hook and Hold SINCE 1925

1955

Wright & McGill's 1st logo. Earliest know usage was 1929.

The Eagle was copyrighted in 1930 and appeared by itself or with "Wright & McGill" early on.

Similar variations of this Eagle continue to be used today. especially on fishing rods.

By 1932, the iconic "Eagle Claw Hooks" font was created and a new Eagle was introduced.

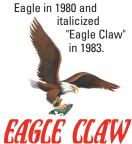

In 1965, the company returned to using the original 1930 Eagle almost exclusively while updating and modernizing

EAGLE CLAW

The "up wing" Eagle, first introduced in the 1978 catalog, was later used on packaging.

Wright & McGill introduced another

In 2011, the Eagle was updated to give it a more realistic look.

In 2019, the font was angled to give a sense of motion and speed.

Spend more time fishing and less time rigging with Eagle Claw ready-to-fish rigs. Add bait and start catching fish today! See page 93 for more details.

The wait is over! The classic go-to Walleye hair jig has been paired up with premium Pro-V Lazer Sharp hooks for unmatched fish catching performance. Each jig is meticulously hand tied with premium bucktail to deliver superior durability fish after fish. The teardrop shape head provides the ideal drop rate and action to entice big Walleye. See page 136 for more details.

# **FLUOROCARBON QUICK LINK**

Protect yourself from bite-offs and harsh environments with 24" abrasion-resistant Fluorocarbon—a power swivel to connect your main line and a quick link snap to attach to your presentation. See page 109 for more details.

**CHARTREUSE GLITTER** 

The new Eagle Claw Shad Dart Jigs are a must have for any tackle box. Whether you're targeting Shad, Panfish, Trout, or Walleye they won't be able resist the erratic darting action of these jigs. The jigs feature real bucktail hair for a natural presentation and are hand tied on the sharp and dependable Eagle Claw gold 575 hooks. See page 132 for more details.

The new Tungsten Long Shank Tear Drop Jigs are the perfect weapon for targeting walleye. These jigs are coated with premium UV and Glow paint and armed with Pro-V bend hooks in gold, adding the necessary bait bling for additional flash. See page 141 for more details.

#### THANKS FOR FISHING WITH US

You might think of flyover country as the space that eats up hours on your plane ride to somewhere else, and the people there are content for you to keep thinking that. Stripped of pretense, like the places and people who inspired the name, The Flyover Series is reliable, hard-working, and allergic to nonsense.

PRODUCTS

Jet sleds are the standard in outdoor sleds. Built in the USA, all Jet Sleds are made of High density polyethylene (HDPE) and are designed to provide years of use. Available in Jet Sled, Jet Sled HD, and Camo patterns. The Jet Sled Heavy Duty series is thicker and stronger than the standard jet sled with higher walls to tackle the toughest terrain and conditions. And the camo patterns Sleds accommodate a variety of outdoor uses in any season. Variety of sizes.

#### **Jet Sled Travel Covers**

Dragging your Jet Sled shouldn't be a hassle. Keep all your gear safe and dry with a Shappell travel cover with sizes to fit any application. 600D polyester fabric with elastic hem keeps rain and snow out of gear. Variety of sizes.

#### **Jet Sled Hauler Bags**

The decoy hauler bag securely attaches in seconds and provides enough extra storage for up to 3 dozen full body goose decoys or 6 dozen duck decoys.

#### **Jet Sled Wheel Cart**

The Jet Cart transforms a standard jet sled into a two wheeled utility cart in seconds. The 16" wheels and steel frame allow it to handle rough terrain and heavy loads up to 250lbs. The adjustable frame fits most size Jet Sleds including: JSR, JS1, JSX, KDR, KD1, KDX.

The Pro-V Bend Drop Shot Hook is now available in Lazer Sharp with the L6VP. Combining a needle point and the Pro-V Bend ensures lightning-fast penetration that leads directly to the V's deepest point, effectively locking fish in. Big largemouth and smallies can jump as many times as they want, they can bulldog and shake their heads, but the battle is already won the second they're funneled into the V. Elevate your drop shot game and keep them pinned with Pro-V.

Lazer Sharp's Striped Bass and Shark Inline Circle Rigs feature 100% regulation compliant, American Made inline circle hooks. As catch and release becomes more popular among anglers today, gentle fish handling is becoming increasingly important.

Studies have shown as high as 48% mortality rate on released fish. Inline circle hooks have been proven

to reduce fatal injuries decreasing the mortality rate by hooking the fish in the corner of the mouth in the majority of hook sets.

The Lazer Sharp Striped Bass Inline Circle Rigs are tied with 100% regulation approved American made fish hooks, offering the angler peace of mind in efforts to conserve their fisheries. A variety of rigs are available.

#### **EWG FINESSE JIG**

⚠PROP 65

The Lazer Sharp EWG Weedless Finesse jig allows Bass anglers to fish a "Ned-style" bait in weedy areas. The 100% weedless presentation and mushroom style head gives baits a stand-up presentation that will trigger bites.

#### **SPARKIE JIG**

Lazer Sharp Sparkie Jigs are designed for inshore fishing. Built around the heavy-duty, Eagle Claw 413 jig hook with a Sea Guard finish, the Lazer Sharp Sparkie Jigs are prepared to battle inshore species like redfish, snook, trout, and yellowtail.

WEIGHT OZ.	HOOK SIZE	QTY	CHARTREUSE	GREEN	PINK	WHITE

#### **SWIMBAIT HEAD JIG**

The Lazer Sharp Swimbait heads are poured on multiple sizes of hooks allowing anglers to match swimbaits to appropriate sized jig heads. American-Made Lazer Sharp hooks, and a design that allows the swimbaits to run true while keeping a natural bait profile, makes these a great option for any angler.

- 3/0, 4/0, 5/0
- 1/8 oz., 1/4 oz., 3/8 oz., 1/2 oz.

#### **SWING HEAD JIG**

The Lazer Sharp Swing Head is paired up the very popular L098 Magnum EWG Worm Hook. The free swinging action of the head and hook allow baits to move in a more natural manner.

- Realistic action
- 3/0 and 4/0 hook sizes
- 3/8 oz., 1/2 oz., 5/8 oz.
- Offered in Black and Green Pumpkin
- American-Made, Lazer Sharp, Needle Point Hook

## PRO SERIES RODS

Eagle Claw's highest-end rod series, the Eagle Claw 3.5 Pro Series, offers technique-centric rods built on X5 graphite blanks designed for extreme sensitivity, crisp hook setting power, and long-lasting durability. The product team at Eagle Claw engineered the EC3.5 Pro Series Rod line to exceed expectations and needs from the highest level walleye and bass anglers at a value

- X5 Graphite Technology Giving a Balance of Sensitivity, Feel, and Rod Weight
- A Blend of Japanese Toray Graphite in Five Layers of Cross-Directional Sheeting
- Patented Nano-Resin Technology
- 50% Stronger and 20% Lighter than other Graphite Rods

No Starfire X rod is complete until it's paired with the all-new Starfire X Trolling Reels. You can now choose from 4 different level wind trolling reel models that all feature rugged construction, brass gears, 2+1 ball bearings, ceramic line guide, and an aluminium handle with oversized rubber knob. Built to last and to live up to the Starfire legacy. Available in 15 and 30 sizes with or without a line counter.

		<b>A</b>

Our design team has taken years of angler feedback to redesign these iconic rods and bring you the Starfire X Trolling series. We've also teamed up with two established trolling pros to develop 5 new feature packed models. Each new Starfire X Trolling model combines the legendary performance of the original rods with innovative new features that are custom tailored for modern trolling techniques.

#### **BOTTOM BOUNCER**

The 8'6" Starfire X bottom bouncer rod features a moderate fast action and soft tip which is ideal for telegraphing bites without applying too much pressure and alerting fish. The composite construction provides excellent sensitivity for using 1–4 ounce bottom bouncers with spinner rigs, slow revolve rigs, and blade rigs. The hybrid cork/EVA foam grip works equally well when holding the rod or using a rod holder.

## PLANER BOARD RODS

The Starfire X in-line planer board rods are available in 7'6" and 8'6" lengths and feature a forgiving tip section, yet enough backbone to handle the weight of boards and the resistance of deep diving crankbaits, snap weights, and other trolling gear. The composite construction offers the perfect balance of sensitivity for detecting bites and durability for pulling heavy gear.

#### **DOWNRIGGER RODS**

Starfire X downrigger rods are available in 7'6", 8', and 8'6" lengths and great for a variety of trolling applications. They feature a forgiving moderate action with enough backbone to tame stubborn fish. The rugged glass construction is tough enough to handle the harshest conditions. The X-Wrap EVA grips and no-spin foregrip provide great ergonomics and comfort for fighting big fish.

#### DIVER / LEAD CORE / WIRE

Starfire X diver rods are available in 9' and 10' lengths and feature a moderate slow action which is ideal for fishing standard or magnum divers and lead core. They also include heavy-duty stainless steel guides to handle abrasive copper wire. The 9' model features an industry first telescopic design, which makes storage in smaller rod lockers possible.

#### TRANSOM TROLLER

The 6' Starfire X transom rod is designed to be run directly off the back of the boat as a bonus rod. The shorter length makes it nimble enough to not interfere with other rods on the sides of the boat. The moderate action is perfect for a variety of trolling techniques. This rod is also perfect for deep water jigging applications.

RODS

COMBOS

# Sawatch

#### **VERSATILITY AND AFFORDABILITY**

Eagle Claw's new Sawatch Fly Combos combine classic design with performance, offering anglers of all skill levels a versatile fly fishing set up at an affordable price. Consisting of a medium fast graphite rod for smooth casting and a light weight machine cut aluminum mid-arbor reel with fluid disk drag, the Sawatch Combos are tailored for use in a wide range of conditions. Available in feature sets that enable small river and stream fishing for trout to targeting predator fish in larger bodies of water.

#### **INCLUDES:**

- Fly Line, Backing & Leader Rod Tube
- Aluminum Mid-Arbor Reel
- 4-Piece Graphite Rod

The MT. Elbert fly series offers great quality fly fishing gear at competitive pricing. The combos in the series have the added benefit of including everything an angler might need to start fishing immediately including: reels rigged with fly line, backing and leader, assorted flies, tools, and rod case.

Building on the fly fishing options from Eagle Claw<sup>®</sup>, the MT. Elbert series continues the naming convention started by the high-end Sawatch Fly series released in 2020, of basing rod names on iconic Colorado mountain ranges and peaks. The names harken back to the storied history and roots of Eagle Claw itself, which began on the banks of a Colorado stream in 1925.

## SURF BEAST

Over a decade of surf and sand have proved the performance of the Surf Beast combos. In 2024, a new dawn arises with the new and improved Surf Beast series of combos. The same great, original models are now joined by four new models to cover every aspect of the surf from Coast to Coast. Whether pounding the surf with the 13' 3-piece for Striper on the east coast or chasing Surf Perch with the 10'6" from the sand on the west, these new models will cover every aspect of surf, pier and jetty fishing.

# FLY COMBOS

**FLY COMBOS** 

PART #	MS6025
DESCRIPTION	Fly Combo 2-piece 8'6"
LENGTH	8'6"
PIECES	2
ACTION	Mod-slow
LINE WEIGHT	7/8 wt.

The classic Ready to Fish MSFLY Fly Combo Kit has been elevated to whole a new level. The redesigned rod features sleek new graphics, cork wrapped grips, and advanced composite construction that is substantially lighter and easier to cast. The combo kit includes everything you need to hit the water: a pre-spooled fly reel, fly rod, tippet and 12 flies. Begin your fly fishing adventure today!

8 Fly Fishin

PART #	MSFLY856
ESCRIPTION	Fly Combo Kit
LENGTH	8'0"
PIECES	3
ACTION	Moderate
NE WEIGHT	5 wt.

## **DOCK ROD SPINNING** & SPINCAST COMBOS

- · Solid glass rod blank
- · Includes fishing line
- Each PDQ display box includes 12 combos in 3 assorted colors -Red, White and Blue

NOTES		

## AMERICAN MADE FISHHOOKS SINCE 1925

# COTANT The same of the same o

# THE EAGLE CLAW MISSION

Since 1925, our mission has remained steadfast: provide anglers with the highest quality fishing tackle possible for wherever the fish are biting. We accomplish that through a commitment to American manufacturing, a dogged desire to serve anglers of all levels, and a reverence for the outdoors. We are proud to empower anglers to connect with nature and to enjoy the thrill of fishing.

# **BORN TO FISH**

A fish hook is more than a formed piece of wire with a point on one end and an eyelet on the other. It represents the connecting point between you and your angling dreams, whether sitting on lawn chairs catching trout with friends and family or competing at the highest level in the sport. Since 1925, in Denver, Colorado, the men and women of Eagle Claw have been privileged to ensure that connection.

From the initial founding of the company, where an eagle's talon inspired one of our founders, Drew McGill, to alter his fish hook, the idea that what we make isn't just a fish hook has permeated our company.

Today, every Eagle Claw hook combines generations of American Hook makers' wisdom with cutting-edge technology. These hooks aren't just about connecting anglers to fish; they're about connecting people to nature, tradition, and each other. They're about the thrill of the catch, the peace of the water, and the stories that unfold between.
