

ENWORK

Ligouri Conference

Inspired by modernist design principals and natural materials, Ligouri boasts clean lines, elegant connection points, and a family name. The Ligouri line celebrates natural elements as it combines solid wood with precision aluminum connections and detailing.

Details

- Legs are solid wood; clear coat, stained, or painted with precision aluminum detailing.
 - Legs are tapered D-shape. Leg profile dimension 1.75"D x 2.75"W at thickest point (top of leg)(Exception: standing height conference table base legs are 2.25"D x 3"W).
 - Legs ship sub assembled, frames ship unassembled.
 - Conference bases and medium/large X-bases include stanchions to create a 2.8" gap between top and frame. Small X-Bases attach directly to frame.
 - Conference bases support rectangle and rounded rectangle top shapes.
 - X-Bases support round, square, and rounded square top shapes.
 - Frame is aluminum; painted or polished.
 - Seated (29") or standing (42") heights.
 - Conference tables available 30", 36", 42", 48", 54", or 60" deep.
-

Ligouri Conference

Available 30", 36", 42", 48", 54", or 60" deep.

72" - 96"W

108" - 192"W

204" - 240"W

Small X-Base

Top size options are the same for Seated and Standing Height.

Round: 30"–42"
Square: 30"

Medium/Large X-Base

Seated: 48"–84" Round, 36"–60" Square
Standing: 48"–60", 36"–48" Square

Ligouri conference and medium/large X-base tables create the illusion of a floating top.

Small X-Base tops attach directly to base.

Leg-mopunted steel wire chase available.

Route power and data seamlessly through a hollow wood or steel center leg with cord passthrough.
