Quantum

Patented

A true breakthrough in flip-top table design, Quantum sets a new standard of elegance and functionality for learning environments. Featuring a slim and sturdy profile, auto-locking casters, accessible bag hooks, and an intuitive flip mechanism, Quantum stands as the leader in the high-performance training table category.

Product Details

- Patented auto-locking casters allow the table to be mobile when the top is flipped up and locked in place when in use. Casters remain mobile when the table is locked by lifting like a wheelbarrow.
- Casters along the user side are height-adjustable up to 0.25".
- Our densest in-line nesting capacity at 5.75" from table to table. Measured from the front of one table to the front of the next.
- Table base is 22" deep for both 24"D and 30"D tables. Quantum is not available with 18"D or 36"D tops.
- Patented soft-close mechanism allows the top to lock slowly and quietly into both up/down positions.
- Overall height is 29"H with top.
- Clear knee space between table legs is 55" for 60"W tops and 67" for 72"W tops.
- Standard sizes: 60" and 72" widths, 24" and 30" depths.
- Optional integrated modesty panel extends full width. Pivoting modesty fits between table legs and is undersized.
- Base available in black or silver paint. Casters only available in black.

Auto-locking rear casters and table leg guard

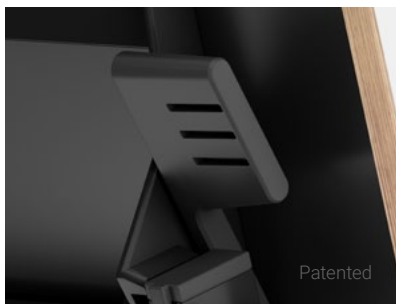

Dense nesting at 5.75" table to table

Height-adjustable front casters

Oversized bag hook

Wide, single-handed flip mechanism

Optional integrated laminate modesty panel

Power Integration

Power options and placement depend on modesty panel selection.

Power Location for Quantum Integrated Modesty Panel

Accommodates Axil power unit only

3.75" on 24"D top
6.75" on 30"D top

Quantum Integrated Modesty Panel with Axil Power Unit

Power Location for Universal Pivoting Modesty Panel

Accommodates Axil power unit in 24"D tops. 30"D tops support additional options such as Ellora B.

3.75" on 24"D/30"D tops

Universal Pivoting Modesty Panel with Axil Power Unit

Cable Management

Magnetic Cable Managers
for use with Quantum Integrated Modesty Panel

Vertical Cable Manager
for use with Universal Pivoting Modesty Panel

Rectangle or Rounded Corners

Optional Ganging
