ANTIMICROBIAL TROLLEYS AND FRAMES WITH BUILT IN BIOCOTE®

Our Trolleys, Frames and Trays
are available with BioCote®.
BioCote® reduces the growth of
bacteria on our trays by 97%*,
making them the perfect fit for the

busy classroom environment.
* Results from a study of two
identical classrooms where one
was treated with BioCote.

Our Callero Custom modular units provide storage layouts to match your classroom needs.

Whether the space available is a corner or an entire wall, Callero Custom can create the ideal storage solution. Build up or across to make your space work efficiently. Mix and match tray units with shelving to create high-density classroom storage that contains everything students need for their lessons.

LOW UNITS

Our Callero Custom low units are designed to offer high-density storage on a smaller footprint whilst also providing extra work surfaces for students to use.

TALL UNITS

Callero Custom Tall creates high-density storage to contain every possible resource students require for their lessons.

FRAMES

The tall frames are complete with tops, adjustable feet, and back diagonal bars for additional rigidity meaning they are perfect for bulk storage. They are a staple in prep rooms and 'at home' in chemical stores and workshops.

- Frame colour **44** Silver
- Frame colour **43** Gratnells Grey
- Frame colour **41** White

Tall Double Frame

Mid Treble Frame

Our Science range can be found in over 90% of prep rooms. Whether you need reliable storage for your prep room or science lab, our static frames and compatible trolleys provide you with a complete storage system. Chemicals, electronics, glassware and more can be stored safely and securely one minute and then moved between laboratories the next.

TROLLEYS

Trolleys are supplied with heavy duty castors making them easy to move from prep room to lab. The trolleys are available in two heights, for under bench storage or level with standard surfaces.

Sustainability, Community, Education

At Gratnells, we are all about the next generation, from improving educational outcomes through to ensuring a better planet for tomorrow.

SAFELY BUILT TO LAST

Our robust, colourful trays are sustainable, fully recyclable, and built to last a lifetime. In fact, one tray can see a student through their entire school journey.

We are committed to becoming carbon neutral by 2030 and are already significantly reducing energy, light, and water consumption in our production processes.

ZERO WASTE

COMMUNITY

Did you know?

We supported the UK's first biophilic school with a donation of our iconic trays. Their long-lasting durability and lifetime guarantee fit perfectly with the school's sustainability ethos.

"MY FOOD TECHNICIAN HAS BEEN AT THE SCHOOL FOR 20 YEARS AND STILL USES THE SAME GRATNELLS TRAYS FROM WHEN SHE STARTED."

JAKE,
Elementary School Teacher

IMPROVING EDUCATIONAL OUTCOMES

Through our Research & Development Headquarters in Cambridge, the UK's leading centre for innovation and education expertise, we are enhancing learning spaces globally, developing new product concepts, and supporting the delivery of a 21st-century curriculum.

Our groundbreaking pilot at Trumpington Park Primary School in Cambridgeshire has improved engagement and academic progress throughout the school.

"FROM THE CHILDREN'S PERSPECTIVE, THIS PROJECT HAS BROUGHT OWNERSHIP AND A SENSE OF VALUE TO THEIR LEARNING. IT HAS IMPACTED THEIR ENGAGEMENT, ENJOYMENT AND LONG-TERM MEMORY."

MEL SHUTE
Head Teacher, Trumpington Park School
