GET CREATIVE

Benefits of 'What's in my tray?' and using Gratnells trays in the classroom?

Not just a helpful and reliable storage solution, Gratnells trays also make the perfect classroom assistant when planning lessons. 'What's in my tray?' was created to encourage school teachers and technicians to use Gratnells trays as part of their teaching resources and lesson planning. Spanning across a range of subjects and extracurricular tasks, there is bound to be an activity for the topic you're teaching.

WHAT'S IN MY TRAY?

Want to get creative?

Gratnells 'What's in my tray?' ideas aim to inspire your daily lesson plans. Whether it's Outdoors, Science, Creative or Maths, we have a suggestion for you and your class.

Gratnells worked with Dr. Katherine Forsey to develop its renowned What's in my tray? #WIMT teaching resources, supporting teachers with inspiring and motivating ideas for their daily lesson plans. Dr. Katherine Forsey is a Research biologist, STEM and outdoor educational expert.
