ALL - ENVIRONMENT VINYL WINDOWS

STRENGTH
PERFORMANCE
EFFICIENCY

A NEW CONSTRUCTION WINDOW
BUILT FOR EXCEPTIONAL PERFORMANCE
IN ANY ENVIRONMENT

Superior technology meets exceptional performance in Alpine's 70 Series. Our fusion-welded vinyl frame surrounds Low-E insulating glass for the best in energy efficiency. This specially constructed frame also contributes to the window's outstanding strength and durability that can only carry one name – Alpine.

Standard Features

Sturdy 2 3/8" frame depth and integral nailing fin with 1 3/8" or 7/8" fin setback provides compatibility with wood, vinyl and stucco applications.

Water management system includes offset drainage to the outside with special weep gates to help keep wind, water and insects out.

Sliding windows feature adjustable tandem brass rollers in a non-corrosive housing to provide smooth operation and allow a quick sight line adjustment in the field.

3/4" insulated glass unit with warm-edge technology and exterior glazing.

1" unit on picture windows and patio doors.

Metal reinforced at locking rails.

Available in White, Almond and Desert Clay with solid color formulated throughout.

Inside or outside, removable fiberglass screen for easy cleaning.

The unit size is 1/2" smaller than the rough opening. STC rated windows are available. Contact your local representative for specific test requirements.

Consult your window professional for the optimal glass package required for your climate zone.

Series

Alpine 70 Series Vinyl Windows and Patio Doors provide your home with a smart combination of beauty, elegance and style. Available in many shapes, sizes and styles, you'll also benefit from the windows' top-quality design, which provides superior thermal efficiency and performance.

And the biggest advantages to owning 70 Series Vinyl Windows? Essential energy savings and maintenance freedom which can put money in your pocket and give you the time to do the things you like.

For as long as you own your home, Alpine Windows' offer you a solid investment you can depend on for many years to come.

A 5 7 1

Single-Hung

- 2 3/4" frame available in White, Almond and Desert Clay offers a thin contemporary profile and achieves a "Light Commercial" window rating for strength.
- Three grid options, continuous frame and mulling options give you maximum design flexibility.
- All locking rails are metal reinforced for strength and durability.
- The standard sweep lock exceeds the toughest forced entry standards.
- Full length interlocking meeting rails with double pile weatherstripping reduce the potential for air and water infiltration and improve thermal efficiency.
- Side load sash operates on two concealed pre-calibrated block and tackle sash balances.

A 2 7 2

Horizontal Sliding

- 2 3/4" frame available in White, Almond and Desert Clay offers a thin contemporary profile and achieves a "Light Commercial" window rating for strength.
- Three grid options, continuous frame and mulling options give you maximum design flexibility.
- All locking rails are metal reinforced for strength and durability.
- The standard sweep lock exceeds the toughest forced entry standards.
- Full length interlocking meeting rails with double pile weatherstripping reduce the potential for air and water infiltration and improve thermal efficiency.
- Adjustable, tandem brass rollers in a non-corrosive housing ensure that the window glides smoothly and allows a quick sight line adjustment in the field.

70 Series

Alpine offers a 10-year, transferable commercial warranty for parts and labor and a limited lifetime residential parts and labor warranty.

Low-E Glass Option

Our Low-E glass option helps increase your home's comfort while reducing energy costs throughout the year. Its secret is an undetectable thin metal coating applied to the second surface of the insulated glass unit.

In warmer months, Low-E Glass filters long wave radiation reducing heat gain indoors to keep your home cooler.

Warm Climates

A 7 7 0

Picture

- 2 5/8" frame available in White, Almond and Desert Clay offers a thin contemporary profile and achieves a "Light Commercial" window rating for strength.
