Help prevent the spread of head lice!

Headphones and headsets shown with this icon come in a heavy-duty, write-on, moisture-resistant, reclosable bag. When the headphone or headset is sealed in the bag, lice are killed within 24–48 hours, without the use of chemicals.

Please Note: Plastic Carry Case color and shape are subject to change without notice

You asked for it . . . we made it!

Headphones and headsets shown with this icon come with Dura-Cord™ – our chew, kink and knot-resistant, PVC-jacketed, braided cord – specially-designed to be more durable and reliable than ever!

All HamiltonBuhl® Headphones and Headsets are Prop 65 Compliant

SMART-TREK HEADPHONES AND HEADSETS

Smart-Trek™ Series of Deluxe-Sized, Over-Ear Headphones and Headsets with In-Line Volume Control

The durable and sleek Smart-Trek™ deluxe headphones and headsets are versatile and compatible with a wide variety of technologies. Designed to stand up to any environment, Smart-Trek™ are built to last. The Smart-Trek™ Series all feature a rugged, yet comfortable design, so you can count on these headsets to function for years, and students can comfortably wear them for an extended period of time. Built for maximum durability, the adjustable, flexible headband snaps easily into place to fit students of all ages. The ear cups are made with high-quality leatherette ear cushions that are easy to clean, durable, and provide excellent noise-isolation. Smart-Trek™ headsets feature a durable, flexible, steel-reinforced gooseneck microphone.

All Smart-Trek™ headphones and headsets feature an in-line volume control and our trusted Dura-Cord™ – the chew, kink and knot-resistant, PVC-jacketed, braided nylon cord. Smart-Trek™ units with USBs connects to PC, Mac and Chromebook!

NOISE-CANCELLING HEADPHONES

Lessen Distractions and Accelerate Learning – Noise-Cancelling Headphones!

Deluxe-Sized Active Noise-Cancelling Headphones

These headphones are specially-designed to deliver superior noise-cancellation by actively reducing harmful and annoying low frequency sounds in noisy environments. The deluxe-sized, over-ear cups with soft cushions deliver passive noise suppression as well, creating a quiet, soothing environment. The active noise-cancelling (ANC) circuitry runs on one "AAA" battery (not included) and comes with a zippered carry case for protection and easy storage.

Features our exclusive removable 5' Dura-Cord™ that can be swapped out for a 5' Dura-Cord™ with an in-line microphone, you can turn your headphone into a headset (sold separately below – NCHBC2).

Specifications:

- Adjustable padded headband
- 40mm Speaker drivers
- Frequency range: 20-20,000Hz
- Impedance: 32Ω
- Sensitivity: 100dB ±4dB
- Nominal input (rate power): <50mW
- Maximum input (Power handling cap.): 100mW
- Active cancellation: 15dB – 20dB;
- Cancellation: 100Hz – 1KHz
- 1 "AAA" battery (not included)
- Plugs: 3.5mm TRS with 180° Angle (Plugs to Ear Cup End) and 3.5mm TRS with 120° Angle (Plugs to Audio Source)
- Includes zippered case
- Warranty: 1 Year
- Prop 65 Compliant

The NCHBC2 is an optional accessory that easily turns your NCHBC1 headphone into a headset with this 5' Dura-Cord™ with an in-line mic!

DURA-CORD™

PROBLEM

Competitor Issues

SOLUTION

The Solution – HamiltonBuhl®

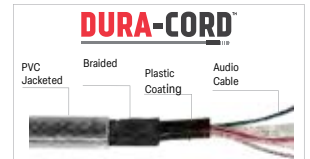

Cords

Coated with cheap plastic these fail and wear quickly, braided nylon will hemorrhage, exposing cables

Dura-Cord™ – HB's exclusive chew, kink and knot-resistant, braided, nylon-jacketed PVC cord

Headbands

Poor designs snap and break easily, are not flexible and lose adjustability over time

Durable, flexible designs that allow maximum adjustment and hold their shape

Microphones

Hard plastic snaps at ear cup, plastic-coated mic arm is chewed through, foam covers collect germs

Steel-reinforced gooseneck mics are much harder to break off and cannot be chewed through. No foam cover, no extra germs.

Jacks

Straight, poorly connected, thick barrel designs don't fit in cases and break off

120° angled plug with slim barrel fits most cases and reduces breakage

Connections

Poor designs with no reinforcements will fail at plug, ear cup and in-line volume

Durable cords and reinforced connections at ear cup, plug and in-line controls

Ear Cups

Easily snaps off with minimal use

Rugged units designed for use in K-12 settings that are built to last

HamiltonBuhl designs and engineers top-quality headphones and headsets, by paying close attention to detail, resulting in products of superior quality!

MACH HEADSETS

Mach USB Headsets – Quality Sound, Performance and Maximum Comfort

MACH1™

MACH1C™

Mach1™ USB Personal-Sized, On-Ear Multimedia Headset with Steel-Reinforced Gooseneck Microphone and In-line Volume Control

SCHOOL *Mate*™

Versatile, Noise-Reducing Headphones!

Primo™ Mid-Sized Stereo Headphones

One of the building blocks to successful student learning is to develop listening skills for better comprehension, language and literacy. Teachers find that students excel when they are more focused on their lessons, in classrooms, working from home, labs, libraries, and testing environments. Primo™ headphones are uniquely designed to provide the perfect blend of all of these.

Noise-reducing leatherette ear cups allow students to clearly hear their lessons, and protect from unnecessary and distracting ambient noise as well.

These headphones are rugged and reliable, with a 3.5mm stereo plug, making it a versatile unit to connect to almost any audio device: tablets, smartphones, computers and more. Primo headphones also boast our exclusive Dura-Cord™.

Now, the same super quality Primo™ headphones come with adorable animal faces: Tiger and Panda, making it fun for younger kids to enjoy wearing these proudly! These have become a fast favorite for younger students! See the Listening Centers section for more Tiger and Panda kits.

SchoolMate™ Personal-Sized On-Ear Stereo Headphones

The HamiltonBuhl® SchoolMate™ HA2 Series are personal on-ear headphones, available in 4 vibrant colors. HA2 are lightweight, comfortable and stylish headphones, ideal for today's tech-filled classrooms and for remote or hybrid learning as well. Easy to use and carry, these headphones will soon become your go-to unit. With the ever-growing technology, each student needs high quality, durable headphones to get the most out of their high-tech lessons. The HA2 headphones not only provide durability and high quality sound, but the lightweight, personal-sized (on-ear) design allows for all-day comfort and easy compact storage.

The HA2 Series of colors are also available in Packs of 200, making it more convenient for distributing to any size classroom or lab (listed below).

With features such as our unique Dura-Cord™ (chew, kink and knot-resistant, PVC-jacketed, braided cord), and the Anti-Lice storage bag (heavy-duty, write-on, moisture-resistant, reclosable bag that kills lice within 24-48 hours), SchoolMate™ HA2 headphones are the ideal choice for day-to-day school lessons and testing!

Sack-O-Phones with 10 Personal-Sized SchoolMate™ Headphones in Choice of: Blue, Green, Orange or Purple

Sack-O-Phones packaging is a unique bag that doubles as a knapsack that can hold 5 deluxe or 10 personal headphones. It's a great way to store headphones easily and economically, no need for costly plastic cases for storage.

This pack includes 10 personal-sized on-ear headphones in your choice of Blue (HA2-BLU), Green (HA2-GRN), Orange (HA2-ORG), or Purple (HA2-PPL). These ruggedly constructed, robust yet lightweight headphones are ideal for today's tech-filled classrooms or working and studying remotely. They not only provide rugged durability and high quality sound, but the lightweight, on-ear design allows for all-day comfort and easy compact storage.

Includes:

- (10) Personal-Sized SchoolMate™ Headphones with Foam Ear Cushions
- Sack-O-Phone Carry Bag

Problem-Solvers

Hook-It!™ Dual Headphone/Headset Hanger – Includes 3M® Adhesive and Screws

The handy HB Hook-It! (HP-HOOK) is the perfect accessory for keeping headphones and headsets neatly stored in today's tech-filled classrooms, at work and in homes.

Holds ultra-securely to clean/finished surfaces using genuine 3M® adhesive and/or screw mounts. Mounting is quick and easy. Do not apply to unfinished wood or fibrous surfaces. Can be mounted to shelves, under desks, under tables, side walls and more.

Keep headphones out of sight and easy to reach when needed. Minimize cord clutter. Attractive and durable, these hooks hold two sets of headphones, small to large, at the same time. Universally compatible, this hook will quickly solve the "tangled cord" issue when storing headphones and headsets. With thousands of other uses, it can also hold a lightweight purse, shopping bag and more!

HP-HOOK \$40.02

HB Dual-Jack Cardioid Dynamic Microphone with Built-in On/Off Switch

HygenX Vray Portable UV-C Sanitizer

Easily, quickly and safely clean and sanitize all objects and surfaces with HygenX™ Vray, with UV-C light that kills 99.9% of bacteria on everyday items, used and shared in today's classrooms, offices and homes.

Lightweight and cordless, Vray is designed for easy portability and features a rechargeable battery. Capable of hands-free and portable operation, Vray can be used to sanitize anywhere and anything in a classroom, home or office, even large toys, keyboards, instrument panels, touchscreens, etc.

A patented safety sensor is activated as the unit is turned on, and Vray turns off automatically when the unit is tilted 30° in either direction, to prevent exposure to skin and eyes, and ensures exposure only to the intended sanitation target. There is also an option to turn off the safe mode to allow for sanitization of odd shaped and larger objects.

The HygenX™ Vray UV-C lamps are encased in shatter-safe casing, ensuring if the lamp breaks, it will break internally within the coating with no glass fragments to clean up.

Thousands of Uses – Classroom, Home and Office!

Vray & **V-CLAW** by HamiltonBuhl®

Vray Portable UV-C Sanitizer PLUS V-Claw™ Kit

The Vray High-Intensity Cordless UV-C Sanitizer is now available as a kit that includes the V-Claw™ holder.

The V-Claw™ holder has become a huge in-demand accessory to the award-winning Vray – easily holding it over items to be sanitized, without having to hold the unit yourself. Get yours today!

HXRAY-CLAW \$230.13

Holds virtually any object steady and hands-free!

V-Claw™ Holder

This is the ingenious way to position items effortlessly.

V-Claw™ is an exclusive, specially-designed holder for use with the HygenX™ Vray Sanitizer as well as other devices. Position virtually any item in almost any direction for hands-free use.

Take shake-free photos with a digital camera, phone or camcorder – the V-Claw holder is an invaluable tool to hold nearly any object – including the HygenX™ Vray – to quickly and easily hold the Vray in the position you want over items to be sanitized, without having to hold the unit yourself.

V-Claw™ makes it easy for Vray to sanitize keyboards, laptops, door handles, VR goggles, headphones, odd-shaped and bulky items, and more.

Plus, as a bonus, we are including a smaller clamp to hold your smaller items, too!

The V-Claw™ base is a handy C-clamp to conveniently attach it to a desktop, table, shelf, counter or door. The gooseneck arm allows for convenient positioning and long enough to put into a sturdy "S" shape, to hold heavier items. It has a wide range-of-motion, is lightweight and portable. The V-Claw™ will be your new, go-to helper!

Personal Wireless Voice Amplifier – Quality Sound – Easy to Use Controls

5-Star Customer Reviews ★★★★★ "A Voice-Saver!"

Amp-Up™ Personal UHF Wireless Voice Amplifier

Being clearly heard in a group is a constant struggle. Amp-Up™ makes it easy to be heard without straining your voice. Its lightweight design, long battery life and clear, crisp amplification makes it a winner and a must-have for teachers, coaches, receptionists, retail associates, pharmacists and more!

When you're speaking to a small group, school audience or at an event, you need to be clearly heard. The Amp-Up™ UHF Wireless Personal Voice Amplifier boasts great audio output to cover large areas. You can record your voice while using the amplifier anytime, anytime, too! *Wired microphone required (sold separately).

Using Bluetooth technology, you can stream audio/music content from your Bluetooth-enabled device. Also, play content from a USB/TF card or via Aux-In. Amp-Up™ has top-mounted button/dial controls, making it easy to adjust the sound volume, change to different modes and turn the unit on and off.

Amp-Up™ Wireless comes with a UHF wireless head-worn microphone, a carrying strap and a waistband hook for hands-free use. In short, Amp-Up™ packs a lot of punch with quality sound and easy-to-use controls.

Features:

- Perfect amplification for classrooms, conference rooms, small gatherings and more
- Clear, crisp, loud sound
- Durable and wear-resistant ABS plastic housing
- Ergonomic, comfortable, stylish design
- Wireless head-worn microphone
- Easy-to-read LCD screen
- Playback from any Bluetooth-enabled device, USB/TF card or via Aux-In
- Carrying strap and waistband hooks
- Built-in, high capacity Lithium-Ion battery
- Output: 15W (RMS) / 25W (max.)
- 1 year warranty

Superior Noise Buffering For Better Concentration!

Because, Sometimes You Just Need Some Peace and Quiet!

Block out the outside world and distractions with NoiseOff™ – Ideal for classroom, remote and hybrid learning environments, too!

When it comes to reading favorite books, studying, focusing on important work, or simply looking to unwind, drowning out noise and turning off the hustle and bustle can help create the ideal environment, no matter where!

NoiseOff™ is the elegant, intelligent and simple solution developed by scientists and backed by audiologists. Hear speech clearly, without distortion, while blocking out noise pollution and unwanted sounds.

Ideal for on/off situations where noise comes and goes, NoiseOff™ enables you to have conversations in noisy environments without the need to remove the unit to hear important voices and sounds.

Designed for comfort, with a superior Noise Reduction Rating (NRR) of 26 decibels, NoiseOff™ is lightweight and compact, and has an adjustable headband.

Specifications:

- Noise Reduction Rating: 26dB
- Patented Technology – sound is directed into acoustic chambers that dampen and cancel harmful levels of noise.
- No Sound Distortion – chambers are tuned to produce an even reduction of sound levels across the frequency spectrum eliminating sound distortion. Very high reduction of low frequencies eliminates masking effect on speech.
- Adjustable headband to fit comfortably and perfectly to achieve optimal noise reduction.
- Compact design, folds small enough to store in shirt pocket.
- Hygienic – nothing goes in the ear, or traps heat around the ear. Foam ear cuffs sit at the outer ear canal and are impervious to mold, mildew and bacteria.

Noise Reduction Rating **26** Decibels

Plus: Free Teacher Resources & Lesson Plans!

HamiltonBuhl® Paleo Hunter™

Spark a curiosity for science and paleontology inspiring them to pursue a path toward discovery. HamiltonBuhl's Paleo Hunter™ Dig Kit is an awe-inspiring project for kids ages 6+. Paleo Hunter™ Dig Kit is a perfect project for any child curious about the world around them.

Unearth the history of our planet with Paleo Hunter™ – turn any child or student into an archaeologist on the hunt to uncover ancient dinosaur fossils.

First, students use the tools included in the box to carefully chip away at the block of plaster to discover what is hidden beneath the surface. They will discover the dinosaur fossils and will have to combine them to create a complete skeleton, Paleo Hunter™ comes in 5 unique variations. Each project comes with its own dinosaur. Available individually or as a kit with one of each dinosaur.

MATERIALS: Block: Slaked Lime Plaster, Dino Bones: ABS, Hammer: PP (Polypropylene), Chisel: PP (Polypropylene), Brush: PP (Polypropylene), Goggles: PC (Polycarbonate), Mask: High Quality Non-Woven Fabric, Magnifying Glass: ABS and Acrylic.

DISCOVER EDISON & ROBOTICS!

HB® Edison Educational Robot Kit

The Edison Robot was designed to make electronics, engineering, robotics and programming accessible to as many people as possible. Each Edison robot features a host of sensors and can be programmed using a growing number of FREE software applications:

EdBlocks – a fully graphical robot programming language that is super easy to use. A drag-and-drop block-based system, is intuitive and fun, even for younger users. Ideal for students 8 to 12 years old.

EdScratch – A vertical drag-and-drop block-based system that has been developed using the Scratch Blocks code base developed by the MIT Media Lab from the Blockly code base developed by Google. The result is a robot programming language that is easy to learn and offers a robust platform for computer science education.

EdPy – the easy to learn, high readability and very popular Python programming language. EdPy teaches a real life programming language and makes text-based programming fun and easy!

Each programmable Edison robot interacts with the world via infrared (IR) transmitters and receivers, line tracking, barcode reading, playing sounds and music, plus sound detection. It's also equipped with two motors with variable speeds, left and right red LED lights and three control buttons. One Edison can communicate with another over IR, with the units also able to be programmed by and controlled with TV and DVD remotes.

Opens a World of Programming Possibilities!

Why Edison from HamiltonBuhl?

These LEGO® compatible robots are designed to provide learners with an opportunity to experiment and grow their knowledge, explore their imagination, cultivate their inventiveness and have fun, without expensive tools or excessive investment.

- Built-to-last and affordable – available in single or value-packs for a full class set
- Programmable – Multiple free programming languages
- LEGO® compatible – Modular and easily expandable
- Free Robotics Education Lesson Plans
- Easy to use – with many pre-programmed functions activated by barcodes
- Remote control – Learns commands from TV/DVD remote controls
- Suitable for all ages – From K-12 Grades
- Scan cards for easy basic programming
- 4 "AAA" batteries included for each Edison robot

STEAM MICROSCOPES & ACCESSORIES

Expand the Microscopic World for Students!

ScoutPro™ Digital Microscope

Ignite a passion for science, technology and the microscopic world to students of all ages! With a 4" built-in digital display, ScoutPro™ is the ideal solution for collaborating in the science lab – displays video, images, or live viewing directly on its screen as well as on a PC via a USB connection, making sharing with students easy. Magnified objects are instantly displayed on its built-in 4" monitor, or view on any computer monitor.

Take screenshots, capture video and zoom in or out, all from a distance, with the included remote control. Magnify objects by adjusting the digital microscope bracket to bring the lens closer to the object being viewed. Additionally, ScoutPro™ can magnify objects 5x digitally beyond its optical magnification.

Specifications:

- Magnification: Optical up to 600x; Digital up to 5x
- Resolution: HD (1280x720) or FHD (1920x1280)
- Image Quality (six options): 1M/2M/3M/5M/8M/12M
- White Balance: Auto, Sunlight, Cloudy, Tungsten or Fluorescent
- EV: Exposure compensation from +2 to -2
- Calibrate: Off, Cross Net or Double Cross Net
- Language: English as well as 13 different languages
- Flicker: 50Hz or 60Hz (60Hz recommended for the U.S. market)
- Compatible with Windows PC, Mac iOS and Chromebook

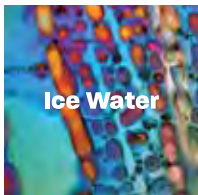

SCT-PRO \$274.91

ScoutPro™ Digital Microscope and Slides Kit

This kit comes with the SCT-PRO ScoutPro Digital Microscope and six pre-prepared, color-coded slides (SLD24): one each of "Root and Stem", "Leaf and Epidermis", "Pollen and Starch", "Wing and Leg", "Tiny Creature" and "Hair and Fiber" - Dive right in to the microscopic world of wonder.

MICROSCOPE™

Scout™ Digital Microscope with Six Different Lenses for Young Scientists

Ignite the sparks of curiosity and fan the flames of interest in science and technology for early learners with Scout™ Digital Microscope from HamiltonBuhl®!

Built rugged for younger students, Scout™ features six different magnification lenses on a vertical rotating wheel – 100x, 200x, 300x, 400x, 500x and 600x best at 1600x1200 resolution monitor.

With magnified images or live video displayed on a computer via a USB connection, every student in the classroom will be mesmerized by the fascinating microscopic world around them. Featuring a one-touch snap button for instant image capture as well as video recording and timed shots, Scout™ Microscope will be an invaluable STEAM tool in the classroom, introducing the world of science to students.

Includes:

- Digital Microscope with integrated turret with six different magnification level lenses and USB cable
- 3 Blank specimen slides
- Prepared slide with cotton swatch
- 6 Specimen covers
- Tweezers
- Dropper
- Installation CD and User Manual

SCT18 \$249.69

Scout™ Pre-Prepared Specimen Slides

SLD24 consists of 6 unique slides with 4 specimen stains on each slide that are premium quality, hand-prepared, under optical glass, ready-to-view specimens such as roots, stems, leaves and epidermis, pollen and starch, wings and legs, hair and fibers and microscopic creatures.

SLD24 \$22.06

GREEN SCREEN KIT

Produce Exciting Broadcasts – Remotely or in the Classroom!

HB Green Screen Production Kit™

Green screens, once a staple of any special effects film studio, are now an exciting and realistic addition for any digital classroom. Green screen technology is now being utilized in STEAM/STEM, language arts, history, and core subject areas, giving students the opportunity to create digital material for classroom use and helping students achieve a higher sense of empowerment, ownership, and purpose.

The HB Green Screen Production Kit™ includes everything you need to create engaging and professional-looking broadcasts, presentations and short movies. Quickly and easily setup the green screen backdrop and use the included webcam to create short news broadcasts, weather forecasts, reviews, virtual visits to far away places – the planets, solar system, Pyramids, ocean depths, even time travel – all without leaving the classroom!

Includes:

(1) 9' x 5' Green Screen Backdrop Cloth – perfect for Chroma keying – the process of filming a scene, object or person in front of a pure colored screen, typically green, then replacing it with any scene or background to achieve special effects. Highly saturated, for accurate color-balancing, this green screen backdrop is ideal for use in any video project.

(1) USB Digital Web Camera – 720p HD bendable gooseneck webcam with weighted base for optimal positioning – includes a built-in microphone. For SuperFlix™ webcam specifications, see page 82.

"I Can Present!" Editing Software – Powerful editing software with teleprompter, split screen, picture-in-picture, scroll text features, chroma keying and more!

Features:

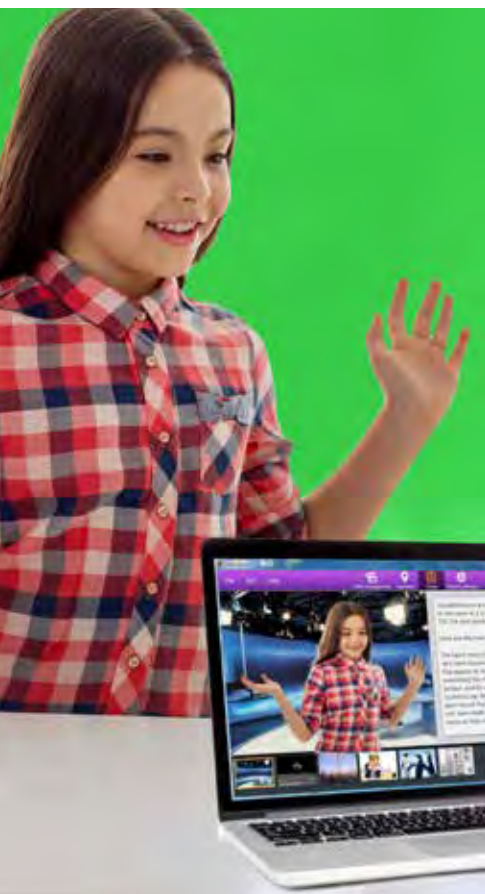

- Import images, slides (e.g. PowerPoint, Keynote, PDFs)
- Easily add any background; Add scripts
- Add date and time, symbols
- Show a news ticker (crawl)
- Record using chroma key, split screen or picture-in-picture
- For Windows or Mac

System Requirements:

- Windows XP SP3, Vista SP1, Windows 7, 8, or 10, Mac OS 10.11 or later
- Intel Pentium 4, 3GHz/Athlon XP 3200+ equivalent or later
- 2GB RAM minimum, preferably 4GB
- 200MB free HDD space
- Video Card: 128MB or higher
- USB Version: USB 2.0 port

GRN-KIT..... \$274.91

Plus: Free Lesson Plans!

Create Stop-Motion Animations for Almost Any Topic – Fun and a Great Tool for STEAM Learning!

HB Animation Studio Kit™

The simple and easy to use "I Can Animate™" software has an intuitive interface with stunningly powerful features that will have your students, of all ages, creating stop-motion animations in no time!

The Animation Studio Kit™ includes a gooseneck webcam with a suction-type base and Animate It! stop motion animation software, developed by the award winning makers of "Wallace & Gromit."

Almost any topic can be made more interesting using stop motion animation, and students will learn from this exciting technique.

Simply plug in the included 720p HD USB webcam, grab an item – a toy, a fruit, a book, anything at hand – and get animating!

Producing animations requires teamwork and collaboration, problem-solving and creativity. "I Can Animate™" software is detailed without being overwhelming and students will love seeing the end result of their hard work.

ANI-KIT..... \$164.05

Everything you need to create amazing high-definition stop-motion animations. Fun for all experience levels!

Features:

- Edit and watch while making your animation
- Time lapse
- Variable frame rates
- Copy and paste sequences
- Delete and reorder frames
- Onion skinning
- For Windows or Mac

System Requirements:

- Windows XP SP3, Vista SP1, Windows 7, 8, or 10
- Mac OS 10.11 or later
- Intel Pentium 4, 3GHz/Athlon XP 3200+ equivalent or later
- 2GB RAM min., preferably 4GB
- 200MB free HDD space
- Video Card: 128MB or higher
- USB Version: USB 2.0 port

Includes:

- "I Can Animate™" Stop Motion Animation Software
- 720p HD webcam

PODCASTING & MEDIA PRODUCTION KITS

Produce Exciting Professional Podcasts!

On-Air! Podcasting Kit

Making a great audio recording for a podcast is easy, if you have the right broadcasting equipment. HamiltonBuhl® has specially-designed the On-Air! Podcasting Kit to provide excellent sound quality for podcasting, recording music and singing needs.

This Kit Includes:

(1) USB Omnidirectional/Cardioid Podcasting Microphone with Desktop Stand

This portable USB Type-C multi-functional microphone, excellent for voice and instruments, has a built-in switch for omnidirectional and cardioid polar patterns. This mic provides the versatility and flexibility needed to do quality broadcasts, from nearly any location, with clear, rich sound. For Windows or Mac.

- USB plug-and-play
- Rich, clear sound quality
- Omnidirectional and cardioid option
- Removable base
- Microphone adjusts to any angle
- Headphone Volume Control Knob
- Gain Control Knob

(1) Round Microphone Windscreen/Pop Filter

This double-nylon layer Microphone Windscreen/Pop Filter provides noise-protection, helping you get better audio recordings. The 360° flexible gooseneck arm allows precise positioning and the swivel mount is easy to install.

- Windscreen diameter: 5.9"; Gooseneck Holder Length: 14.6"
- Adjustable C Clamp: affixes securely to the mic stand

(1) Folding Sound Isolation Shield

This Sound Isolation Shield makes clean, controlled, and noise-free recordings, reducing unwanted room noise. Great for home recording studios, podcasts, YouTube™ recordings, music recordings, and more. Compact, portable, lightweight, foldable design. Kit also includes the stand and base for the Isolation Shield.

Media Production Studio – Interview Kits

New technology always has a heavy impact on education, and podcasting is no different. One of the most interesting and valuable uses of Podcasting in Education is the concept of student-created content or active learning activities. Students getting the chance to create their own podcast and live-streams with their own questions, discussions, presentations or projects allows them to take control of an aspect of their education and encourages engagement in the material. These Interview Kits give your students the opportunity to be content creators, rather than consumers and includes everything needed for studio quality content.

CAMERA-DC176

HB Octopus Tripod

This flexible, highly durable mini-tripod camera stand bends and flexes into any position! With 360° rotation capability, it is the ideal choice and accommodates most cameras, including ALL by HamiltonBuhl®. Even comes with easy-slide adapters for cameras and smart phones.

TPOD18 \$6.92

4-IN-1 CART

CARTS

Great for Sanitary Stations, Audio/Video Equipment, Presentations and more!

4-in-1, Height-Adjustable Plastic Cart

The HamiltonBuhl® 4-in-1 polyethylene AV cart is the most versatile on the market. With the ability to adjust to four different sizes - 16", 26", 34" or 42" - it's like having four carts in one! With reinforced ribbing on the underside for extra strength and durability, this cart will meet your needs now and well into the future.

- Shelves are 24"W x 18"D
- Integrated 15' power strip with 3 outlets
- Reinforced ribbing on underside for strength and durability
- Top shelf has ½" lip, cord wrap and cabling conduit
