

# Mini Personal UHF Voice Amplifier with Wireless Microphone Up to 100 Channels without Interference!

PA-25E

Now that wearing a mask is the new normal, being clearly heard is a constant struggle. Amp-Up™ Mini makes it easy to be heard without straining your voice.

With its lightweight design, long battery life and clear, crisp amplification, the Amp-Up™ Mini is a winner and a must-have for teachers, coaches, receptionists, retail associates, sales reps, pharmacists and so many others!

When you're speaking to a small group, school audience or at an outdoor event, you need to be clearly heard, and Amp-Up™ Mini packs a lot of punch with quality sound and easy-to-use controls. The button/dial controls are easy to adjust, and it's easy change to different modes and turn the unit on and off.

This unit also boasts an easy-to-wear belt clip on the back of the unit PLUS a strap that can easily hang from a hook, keeping it handy.

Amp-Up™ Mini allows you to manually select the best frequency to avoid interference.

Amp-Up™ Mini comes with a UHF wireless headworn microphone, perfect for any environment and for addressing any audience.

Amplification
