

Smart-Trek™ Mini Series

Mid-Sized Headsets with Steel-Reinforced Gooseneck Mic and In-Line Volume Control

STM2BK

Smart-Trek™ "Mini" Headsets are based on the same design as the Smart-Trek™ Deluxe Headsets, only in a smaller, sleeker mid-size unit.

Durable and reliable, Smart-Trek™ midway headsets are versatile – compatible with a wide variety of technologies. Designed to stand up to the K-12 environment, Smart-Trek™ Mini's are built to last.

Smart-Trek™ Mini's are rugged, yet comfortable; teachers can count on these headsets to function for years, and students can comfortably wear them for an extended period of time. An adjustable headband snaps easily into place to fit students of all ages. The microphone is steel-reinforced to better stand up to rugged classroom use.

The ear cups on both units feature high-quality leatherette ear cushions that are easy to clean and provide excellent noise-isolation.
