

Boundaries Training 2018

Sponsored by Christian Church in Kansas

We are created in and for relationships. Life-enriching relationships, whether with intimate partners, family, friends, colleagues or parishioners, require healthy boundaries. This workshop explores the meaning and practice of healthy boundaries in the context of ministry. It will also identify the signs, dangers, and preventions of boundary violations including those in today's social media. The workshop begins with an assumption that the complexity of relational dynamics in the congregation is one of its greatest possibilities and its greatest challenges for ministry.

We welcome the presence of spouses and lay leaders.
