

Woodstock Minor Ball Association (WMBA)

Wranglers Uniform Policy

Purpose:

The WMBA Wranglers uniform policy supports recognition of the program both within and outside of the city in an easily identifiable, respectful, and consistent fashion.

Policy:

Teams not abiding by these policies may be subject to disciplinary action.

1. Base Uniform

- A. With the exception of the official Wranglers jersey (see Item 2), WMBA Wranglers (Rep and Select) uniforms are supplied by WMBA and consist of:
 - i. White pants with red piping; long pants are included with the standard uniform however knicker pants may be substituted at the expense of the individual player/parent/guardian.
 - ii. Navy blue ball cap with red brim and WMBA Wranglers logo; New Era 39Thirty fitted hats are included with the standard uniform however the New Era 59Fifty hat style may be substituted at the expense of the individual player/parent/guardian.
 - iii. Red Socks
 - iv. Red Belt
- B. Teams wishing to purchase a second set of white pants must ensure they match the current style and colour scheme of those supplied by WMBA and be of equal or greater quality. Different coloured or styled pants are not acceptable for the base uniform.
- C. Additional socks or belts may be purchased. The colours must match those approved by WMBA (navy blue, red, white or a combination of these).
- D. Hats may have the player's number embroidered on the back in the center of the hat along the bottom edge in white at the player/team's own expense. Second hats may be purchased by individual players, but they must be identical to those provided by WMBA and purchased through the official WMBA uniform supplier.

2. Official Jersey

- A. The official Wranglers jersey (red athletic knit, full button up jersey) must be purchased through the authorized supplier of WMBA team uniforms by the player, parent or guardian.
- B. For consistency, the official supplier will be instructed by WMBA regarding the size and position of the Wranglers "W" logo and the size and font of the numbers on the back.

- C. If a player already has an official Wranglers jersey from a previous season, it can be worn for subsequent seasons provided it is in good condition, fits properly and matches the current Wranglers jersey in style and color.
- D. Player names can be added to the back of player jerseys above the numbers only in a prescribed font. The cost must be absorbed by the individual player or team.
- E. It is expected that the WMBA official jersey be worn in ICBA play where the team plays on their home field. Exception: Where the visitor team is also wearing a red jersey, an alternate may be worn.

3. Official Second Jersey

- A. The official Wranglers second jersey will be navy blue with red striping, full button up with the Woodstock logo on the front (fig 4)
- B. The second jersey will be at no expense to WMBA. must be purchased by the player, parent or guardian.
- C. It is recommended, but not required, to purchase alternate jerseys from the WMBA approved uniform supplier. Jerseys sourced from other suppliers must match or exceed the quality of the approved uniform supplier.
- D. If not sourced through the official supplier, the 2nd jersey will need to be approved through the same process as the alternate uniform (see section 5)

4. Alternate Uniform(s)

- A. An alternate uniform may be added only if the Official Second Jersey is already purchased
- B. If agreed to by players/parents/guardians and coaches, alternate jerseys, undershirts, or pants can be purchased for the team.
 - i. Approval process should be an 80% pass based on anonymous survey i.e., survey monkey.
- C. These jerseys/t-shirts must conform to the approved colour palette and follow an approval process in writing (email) through the WMBA approval process (see Section 5)
- D. For consistency, the alternate uniform must be in the colours set out in the figures shown below (red, navy blue or white) with the contrasting logo colour.
 - i. For Red alternate jerseys, see Fig 1 for an example of the “W”.
 - ii. For Blue alternate jerseys, see Fig 2 for an example of the “W”.
 - iii. Refer to Fig 4 for alternate logo.
- E. It is recommended, but not required, to purchase alternate jerseys from the WMBA approved uniform supplier. Alternate jerseys sourced from other suppliers must match the aforementioned guidelines and be of equal quality.

- F. Alternate Jerseys, if intended to be worn for games, must have the players number on the back of the jersey. The front of the jersey must have the WMBA “W” logo in the same location as the official jersey, or a clearly identified Woodstock name or Wranglers logo.

5. Alternate uniform approval policy

- i. All alternate uniforms must be submitted to WMBA rep director(s) for approval prior to being ordered or worn on the field.
- ii. Alternate uniforms are still a representation of the city, Association, as well as the team and should be designed with that in mind.
- iii. We would urge any alternate designs to not be “new “or “one off” designs in order to keep with continuity and style. Style can be adjusted slightly but should shy away from looking like a team on its own rather than a Wranglers team.

6. Jersey Allowances

- A. The WMBA logo (Fig 3) is permitted to be added to any jersey on the left sleeve.
- B. A Canadian flag is permitted to be added to any jersey on the right sleeve.
