Message from the U15A City Wide Committee:

Wow is all we can say. The response to the inaugural U15A City Wide draft process has been spectacular – to the point that we have needed to do some creative planning on the fly. Registrations have exceeded our expectations.

We appreciate your patience as we have worked through many versions of tryout team formations after AA releases on Thursday.

The excellent registrations for U15A tryouts created a situation where the tryout teams for Monday through Thursday were going to be too large. We want the tryout process to be good for the players, the evaluators and the coaches who will ultimately need to draft their teams. Removing players from the tryout list was a non-starter.

Therefore, players in each position are being advanced to the weekend to accommodate tryout teams of 17 skaters per team. Based on their SAAH U15AA rankings, the top 10 forwards, 7 defense and 5 goaltenders after the September 8th AA releases are being advanced to the final weekend of U15A tryouts. The final weekend of U15A tryouts will see 120 forwards, 72 defense and 24 goalies participating.

Please check the tryout teams closely as there have been a few player movements required since the initial release of the rosters on Friday.

Good luck to all players and see you at the rink!

Sarah MacNaught,
U15A City Wide Chairperson;
SMHA A, B & C Hockey Chairperson
