

LT Girls Lacrosse

Dear Future Sponsor:

The past 10 years has seen the sport of Lacrosse recognized as one of the fastest growing team sports in the country! In fact, the number of players in the sport has grown **over 50% since 2010**. This has also led to more community awareness and involvement with parents, family, and fans turning out to learn and participate in the fun.

An introduction to our community program. Lake Travis Girls Lacrosse is

- A district Club sport with Youth, Junior Varsity, and Varsity teams
- A non-profit organization in the State of Texas
- Encouraging healthy attitudes, a competitive spirit, and social engagement
- Supported solely by Parents and this community through fundraising activities

The Club is an independent association and responsible for all costs of the program. With your help, we will be able to continue the amazing growth of the program and create opportunities for these competitive young women.

Sincerely,

Lake Travis Girls Lacrosse Association
