Calling all Christians to join us in the fight for life. We are one body, not a denomination, joining our voices in prayer and fasting to end abortion where we live right here in Pittsburgh. *Come and hear stories and testimonies from Pro-Life Pittsburghers and find out how you, your church, and/or your prayer group can help.* We need all hands on deck! We are all part of God's Army and the time is now to put your faith in action, because faith without works is dead. Don't let the enemy keep you from doing God's work. Equip yourself with His armor and get battle ready. The babies and moms are counting on you. Let's be the hands and feet of Jesus on the sidewalks in Pittsburgh. God needs you, the Holy Spirit is calling you. Will you answer the call and join us?
