# Dock Edging

## Product Configuration

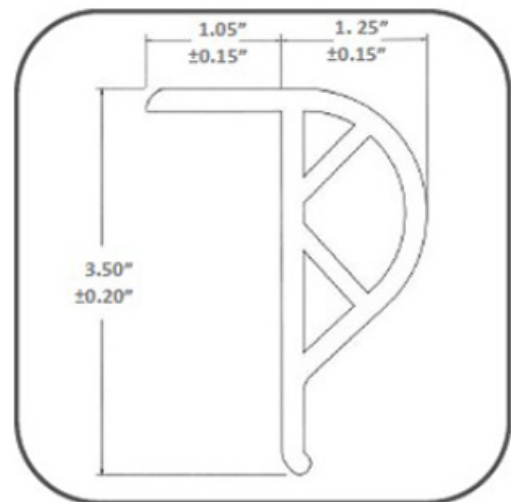

Item 5002 BARR Commercial Dock Edging - 10'

## Product Specifications

Material: Polyvinyl chloride extrusion compound  
 Colour: Black or white  
 Weight: 14.00 lbs per 10' length (nomial)

## Packaging Specifications

Edging is shipped in straight lengths. 8 pieces per box, 20 boxes per crate.

## Physical Property Testing

Commercial Dock Edging products pass the following:

Specific Gravity	ASTM D-792	1.4 Nominal Value
Durometer	ASTM D-2240	85 Nominal Value
Accelerated UV Weathering	ASTM D-4329 at 50° C	No Failure
Fugus Growth	ASTM G-21	No Failure
Cold Flexibility	1 inch OD mandrel bend at 29° C	No Failure
Flammability	FMVSS302	Passed
Tensile Strength	ASTM D624 Die C	12.4 Minimum
Elongation %	ASTM D624 Die C	200% Minimum
Tear Strength	ASTM D624 Die C	44 Minimum
