

# Sample Family Report

## What is this report?

A summary of how your child is performing academically, as measured by the most recent MAP® Growth™ test.

## What is MAP Growth?

A test that adapts to your child’s responses to measure your child’s skill level.

## Why is my child taking MAP Growth?

MAP Growth scores help teachers check student performance by measuring achievement and growth. Teachers use results to tailor classroom lessons and set goals for students.

## What do achievement and growth mean?

**Achievement:** How well your child has learned skills in a subject compared to similar students nationwide.\*

**Growth:** A measure of your child’s personal progress over the year.

## What is a RIT score?

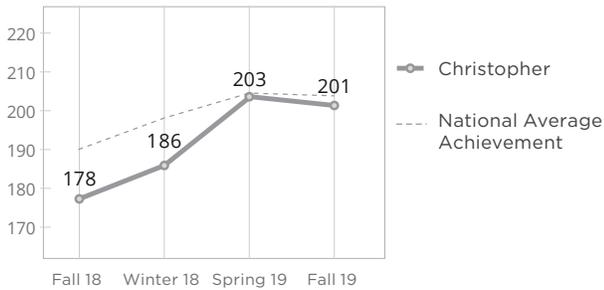

The overall score for a subject based on a Rasch unit (RIT) scale that indicates how your child performed in a subject.

\*Similar students: Kids with the same starting RIT score, same number of weeks of instruction, and in the same grade.

### How can I use this information to help my child?

Talk to your child's teacher. Here are some questions you can ask:

- + What types of strategies are the teachers using that I may be able to reinforce at home?
- + Does my child need extra help in any specific areas?
- + How can I help my child's academic growth at home?
- + How do you measure my child's learning in your classroom?
- + When will my child's progress be measured again, and when can I get an update on my child's academic growth? How is my child doing in comparison to grade-level expectations?
- + What will my child be working on to continue growing or grow towards a mastery of grade-level standards?
