It's Not Over

Fourth week in the series: LAMENTATIONS
Lamentations 4

In Lamentation 4 we are dealing with pain suffered in Jerusalem during the 180 Day siege by the Babylonians. In this text that seems hopeless we see how we don't lose our value no matter the consequences we face.

Discussion Questions:

1. How does experiencing negative situations impact how we value ourselves?
2. As you look back over your life, have you ever missed God moving in your life during hard times?
3. Do you call out the places you in your life where you have stepped away from God?
