

SUDBURY BOARD OF SELECTMEN
TUESDAY APRIL 5, 2016
7:30 PM, TOWN HALL - LOWER LEVEL

Item #	Time	Action	Item
	7:30 PM		CALL TO ORDER
			Opening remarks by Chairman
			Reports from Town Manager
			Selectmen Announcements
			Citizen's comments on items not on agenda
TIMED ITEMS			
1.	7:45 PM		Discussion with resident group regarding Sudbury Station
2.	8:00 PM	<i>VOTE / SIGN</i>	PUBLIC HEARING: Vote to lay out the following Town Ways with the boundaries and measurements as set forth on plans on file in the office of the Town Clerk, to be presented for acceptance at the 2016 Annual Town Meeting: - Trevor Way from Horse Pond Road to a dead end, a distance of 415 ft. +/-; - Arboretum Way from Maynard Road to a dead end, a distance of 1,025 ft. +/-; - Tall Pine Drive from Horse Pond Road to a dead end, a distance of 1,093 ft. +/-; and further that it is determined and adjudged that common convenience and necessity require that said ways should be laid out as Town Ways
3.	8:05 PM		Discussion with petitioner Dan DePompei regarding Town Meeting article on Walkways.
MISCELLANEOUS			
4.		<i>VOTE</i>	Discuss and potentially vote on request that Park and Recreation Commission members should be designated as Special Municipal Employees.
5.			Town Manager Melissa Rodrigues to present Enterprise Fund Town Meeting articles (#5 - FY17 Transfer Station Enterprise Fund Budget; #6 - FY17 Pool Enterprise Fund Budget; #7 - FY17 Recreation Field Maintenance Enterprise Fund Budget)
6.		<i>VOTE</i>	Discuss and possibly vote on Town Manager Evaluation Process and Criteria
7.		<i>VOTE</i>	Discuss and potentially vote to form a committee and mission statement with the purpose of facilitating placement of Sudbury vocational students following our withdrawal from the Minuteman Vocational School District.

These agenda items are those reasonably anticipated by the Chair which may be discussed at the meeting. Not all items listed may in fact be discussed and other items not listed may also be brought up for discussion to the extent permitted by law.

Item #	Time	Action	Item
8.		<i>VOTE / SIGN</i>	Vote to sign the 2016 Annual Town Meeting/Special Town Meeting warrant which must be available to residents and posted by a constable no later than Monday, April 18, 2016.
9.		<i>VOTE</i>	Discussion and vote whether to call a Special Town Election for May 17, 2016.
10.			Citizens' Comments continuation (if needed)
11.			Discuss upcoming agenda items
CONSENT CALENDAR			
12.		<i>VOTE</i>	Vote to approve award by the Town Manager of various construction contracts and such other contracts as approved by the Permanent Building Committee necessary to rehabilitate the Loring Parsonage, funded by the Sudbury Historical Society by donation to the Town which are related to the repurposing of the Loring Parsonage as a Sudbury History Center and Museum.
13.		<i>VOTE</i>	Vote to approve for FY17 the following annual or renewal DPW contracts awarded and previously approved for FY16 or to be awarded in FY17 on a Fiscal Year basis or Calendar Year basis by the Town Manager in accordance with procurement requirements and as reviewed by Town Counsel.
14.		<i>VOTE</i>	Vote to approve award of a contract by the Town Manager for cleaning services at the DPW building and any subsequent renewal options, subject to review by Town Counsel, as requested by Jim Kelly, Combined Facilities Director.
15.		<i>VOTE</i>	Vote to Grant a Special Permit to the Sudbury Companies of Minute and Militia, to hold the annual Parade to Commemorate Patriot's Day on Tuesday, April 19, 2016, from 5:30 A.M. through approximately 12:00 P.M., subject to Police Department safety requirements, Proof of Insurance Coverage and the assurance that any litter will be removed at the parade's conclusion.
16.		<i>VOTE / SIGN</i>	Vote to grant a 1-day Wine & Malt license to Goodnow Library Foundation, Inc, to accommodate a Community Art Show on Tuesday, May 24, 2016 from 5:30 PM to 7:30 PM at Goodnow Library, 21 Concord Rd, subject to the use of a TIPS-trained bartender and a receipt of a Certificate of Liability.
17.		<i>VOTE</i>	Vote to authorize Town Counsel to file a <i>cy pres</i> petition on behalf of the Town and the Board of Selectmen to allow the use of the Wood-Davison Fund towards the cost of renovating the Loring Parsonage to be used as a Sudbury Museum.
18.		<i>VOTE</i>	Vote to approve the regular session minutes of March 22, 2016.
19.		<i>VOTE</i>	Vote to approve the FY17 rates for transfer station stickers as recommended by DPW Director Bill Place, who is advising leaving them at the FY16 amounts.

These agenda items are those reasonably anticipated by the Chair which may be discussed at the meeting. Not all items listed may in fact be discussed and other items not listed may also be brought up for discussion to the extent permitted by law.

SUDBURY BOARD OF SELECTMEN
Tuesday, April 5, 2016

TIMED ITEM

1: David Hornstein - Sudbury Station opposition

REQUESTOR SECTION

Date of request:

Requested by: Patty Golden

Formal Title: Discussion with resident group regarding Sudbury Station

Recommendations/Suggested Motion/Vote: Discussion with resident group regarding Sudbury Station

Background Information:

Financial impact expected:n/a

Approximate agenda time requested: 10 minutes

Representative(s) expected to attend meeting: David Hornstein

Review:

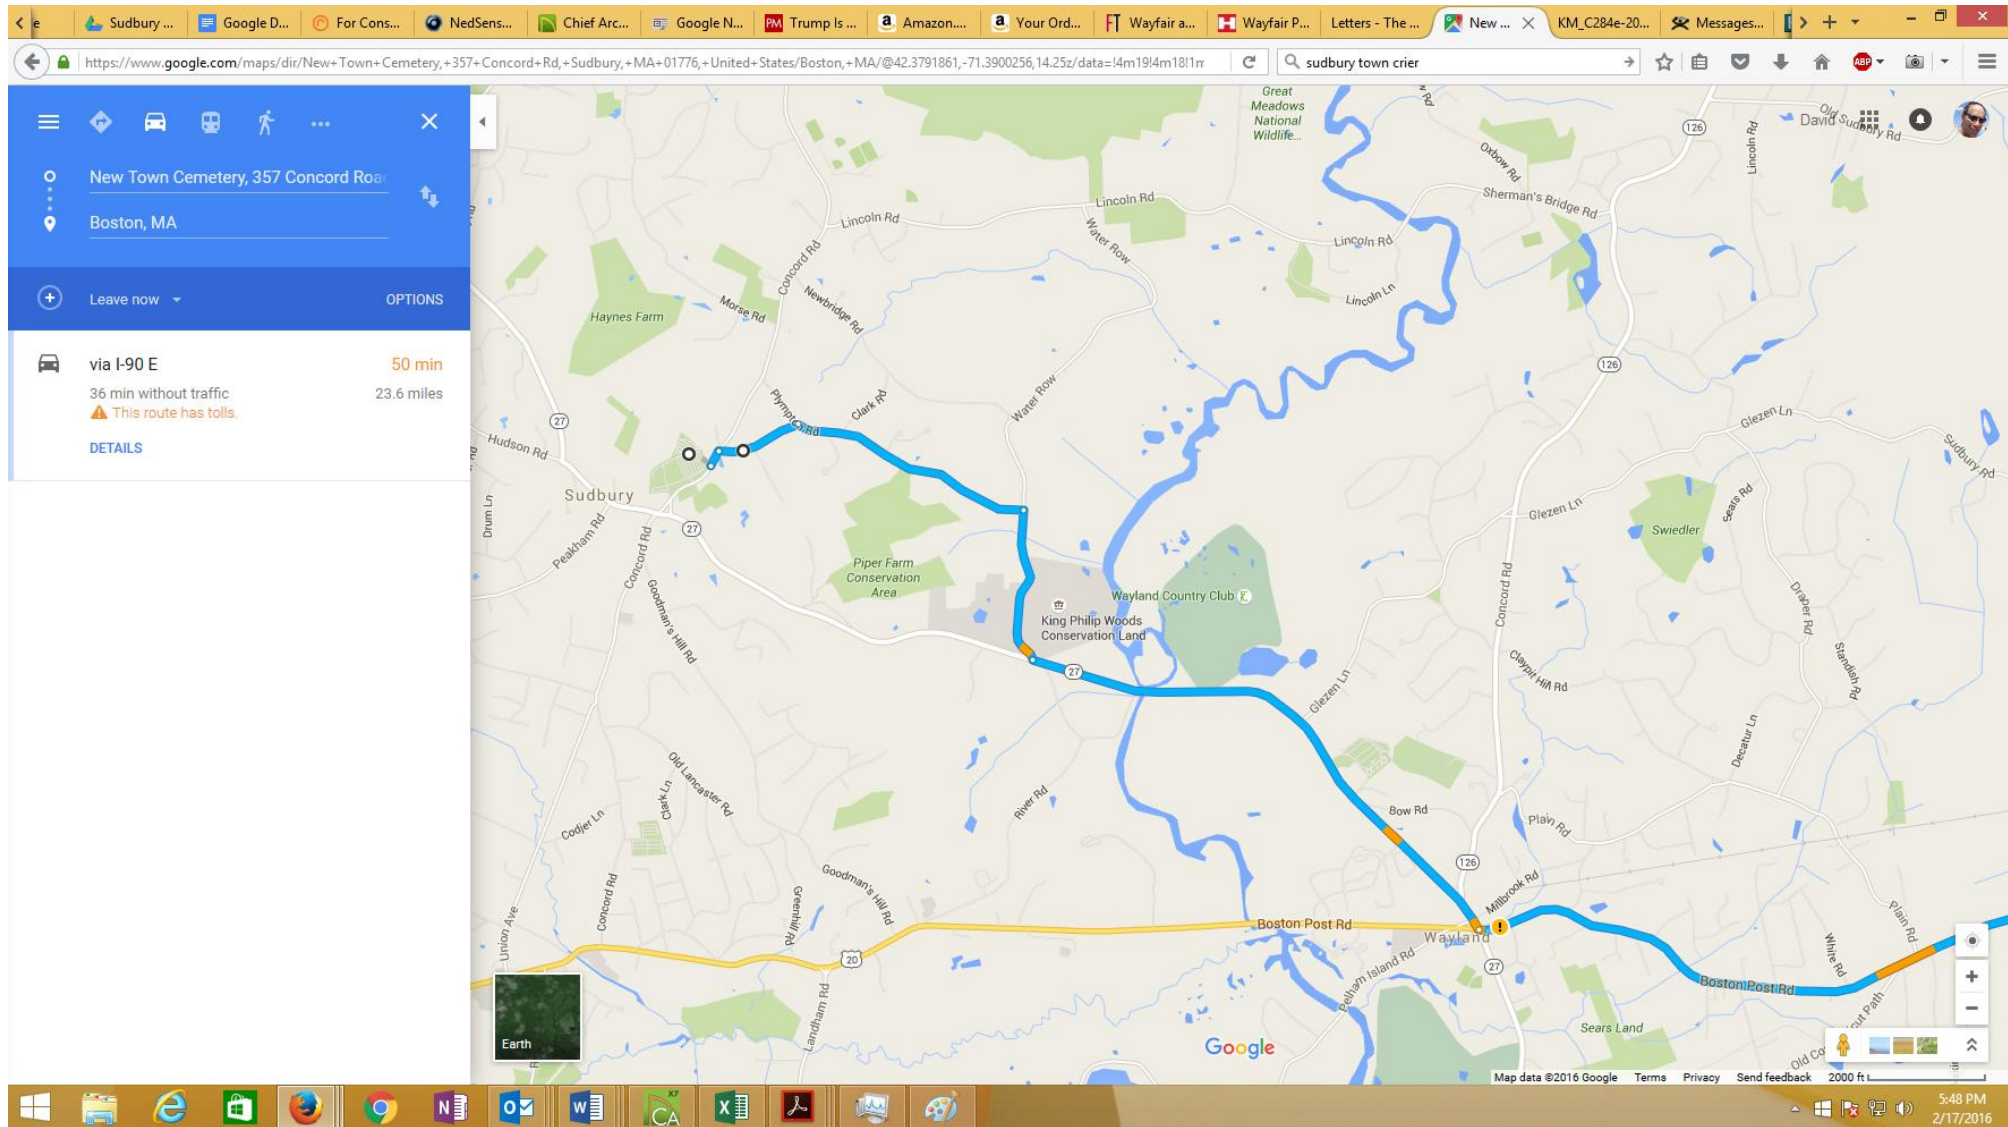

Patty Golden	Pending
Melissa Murphy-Rodrigues	Pending
Barbara Saint Andre	Pending
Patricia A. Brown	Pending
Board of Selectmen	Pending

04/05/2016 7:30 PM

Flawed Traffic Study indicates Flawed Process

- Traffic study did not consider real world conditions
- Ignored critical safety concerns
- Did not address construction traffic impacts
- Provided incomplete and misleading information

Going forward, a process must be in place to ensure accurate and comprehensive review of all phases. The citizens and selectmen need an outside legal advocate to achieve this.

Even though Candy Hill/Plympton is the fastest route, it was not even considered by the traffic study

Critical intersections not adequately addressed

Hudson Rd Entrance

Car or school bus attempting to break into waiting traffic to turn left while avoiding fast-moving westbound traffic

Traffic study sight line

Site line in traffic study shows no cars on Concord Rd

Real world sight line shown in red
(black rectangles are cars)

Real world sight line with cars southbound on Concord Rd

3D computer model of site and buildings based on developer's plans

The developer claims that the buildings will only be visible from Ti Sales, the playing field, and the cemetery. This is not true.

The buildings will be visible from Hudson Rd and multiple points on Concord Rd.

From Hudson Road at access point

From Concord Rd at Noyes back entrance

From Concord Rd at Candy Hill

We, the people of Sudbury, as supported by a petition signed by over 450 residents (and more being gathered daily), request the Board of Selectmen immediately hire outside counsel to investigate the potential for litigation regarding the Peter's Way land swap, and to examine other issues related to the Village at Sudbury Station application currently before the Zoning Board of Appeals (ZBA). Further, we ask that this counsel serve as an advisor to and advocate on behalf of the Town at all future ZBA meetings related to this application.

Sudbury is faced with this development because of a flawed decision-making process by town officials regarding the land swap. In fact, the only current Selectmen who was in office at the time of the swap has publicly stated that the town made a serious mistake. As a consequence, we are now faced with a project that will forever change the literal heart of historic Sudbury. The Selectmen must show by their decision to hire outside counsel that they are making a serious, committed effort to remedy the breach of faith that occurred when town meeting voted for the land swap based on misinformation provided by the board of Selectmen. To put it simply, the Selectmen broke this and now they must fix it.

We believe that the Sudbury Station applicant has failed to provide relevant and complete information in a timely manner and has made misrepresentations of fact in both verbal statements and submittals. This negligence harms the review process and hinders the important role of the ZBA. In order to rigorously address all issues raised by this application, Sudbury must have an advocate whose primary focus is ensuring the applicant provide any and all information required by the Town to make a comprehensive analysis of the impacts a development of this scale, in this location, will have on Sudbury. Because the Board of Appeals' mission is to impartially evaluate and rule on applications such as this one, it cannot act as its advocate on behalf of the Town and would benefit from having deficiencies identified in the comprehensive permit brought to its attention. Only an attorney would have this capability.

We understand that the Town has counsel to serve in this role. However, we believe there are two distinct roles for Town counsel that are in conflict: 1) manage the hearing process to ensure that it is conducted fairly and properly, and 2) act as an advocate for the Town against this project, as a counterpoint to the applicant's attorney.

The most recent ZBA meeting centered on a flawed traffic study not delivered in time for a proper review by the members of the ZBA, nor their peer review consultant. Instead of the needed two weeks, the peer review consultant was given three days. Similarly, the conservation commission was given materials just a few days before the hearing. The result has been an incoherent review process that leaves more questions asked than answered. Going forward, the issues before the ZBA regarding this project will only grow more complex and interconnected. Given the six month timeline (already underway) and the over 30 requested waivers from zoning regulations and bylaws, we fear too many important aspects of this application will not get the time, attention, and review they deserve. Sudbury, its staff, and its volunteer citizen boards deserve better. Our historic Town Center deserves better.

The Selectmen and other Town boards have stated their strong opposition to this project. Consistent with this, and with the overwhelming opposition to this project by our community, we need a vigorous legal advocate for the remainder of this process. We ask that outside counsel be retained immediately, in order to properly prepare for the next ZBA meeting on April 25, 2016 and beyond.

We, the undersigned, petition the Board of Selectmen and the Zoning Board of Appeals to hire an outside legal consultant to evaluate the potential for litigation related to the Peter's Way land swap. Sudbury is faced with a development that is opposed by the town government and a large number of citizens because of misrepresentations made at town meeting about the potential use of the landlocked parcel. We believe that the town may have legal recourse against the landowner to undo this transaction.

We, the undersigned, petition the Board of Selectmen and the Zoning Board of Appeals to hire an outside legal consultant to evaluate the potential for litigation related to the Peter's Way land swap. Sudbury is faced with a development that is opposed by the town government and a large number of citizens because of misrepresentations made at town meeting about the potential use of the andlocked parcel. We believe that the town may have legal recourse against the landowner to undo this transaction.

SUDBURY BOARD OF SELECTMEN

Tuesday, April 5, 2016

PUBLIC HEARING**2: Vote street layouts**REQUESTOR SECTION

Date of request:

Requestor: Town Counsel office

Formal Title: PUBLIC HEARING: Vote to lay out the following Town Ways with the boundaries and measurements as set forth on plans on file in the office of the Town Clerk, to be presented for acceptance at the 2016 Annual Town Meeting: - Trevor Way from Horse Pond Road to a dead end, a distance of 415 ft. +/-; - Arboretum Way from Maynard Road to a dead end, a distance of 1,025 ft. +/-; - Tall Pine Drive from Horse Pond Road to a dead end, a distance of 1,093 ft. +/-; and further that it is determined and adjudged that common convenience and necessity require that said ways should be laid out as Town Ways

Recommendations/Suggested Motion/Vote: PUBLIC HEARING: Vote to lay out the following Town Ways with the boundaries and measurements as set forth on plans on file in the office of the Town Clerk, to be presented for acceptance at the 2016 Annual Town Meeting:

- **Trevor Way** from Horse Pond Road to a dead end, a distance of 415 ft. +/-;
 - **Arboretum Way** from Maynard Road to a dead end, a distance of 1,025 ft. +/-;
 - **Tall Pine Drive** from Horse Pond Road to a dead end, a distance of 1,093 ft. +/-;
- and further that it is determined and adjudged that common convenience and necessity require that said ways should be laid out as Town Ways

Background Information:

In accordance with statute, on 1/19/16 the Board voted its intention to lay out the streets indicated on 4/5/16. The matter was referred to the Planning Board for hearing and a report recommending conditional acceptance has been received. Notices have been delivered/mailed to owners of abutting properties. Plans and notices were filed with the Town Clerk.

Financial impact expected: Town to maintain streets indicated when deeded or taken by eminent domain.

Approximate agenda time requested: 10 minutes

Representative(s) expected to attend meeting:

Review:

Patty Golden

Pending

RE: Street Acceptances for 2016 Annual Town Meeting

Dear Chairman Brown:

At its meeting of March 23, 2016 the Planning Board voted to conditionally recommend acceptance of the following streets at the 2016 Annual Town Meeting, pending final completion prior to the Town Meeting vote:

- Arboretum Way
- Trevor Way
- Tall Pine Drive

These streets were constructed in general conformance with the Planning Board rules and regulations and the subdivision/Special Permit decisions under which they were approved. The DPW Director is working on punch list items with the developers, and anticipates progress towards final completion this spring. If the streets are not completed to our satisfaction, a further report will be made at Town Meeting. In addition, the Planning Board holds performance bonds for the streets which will be held until all conditions have been complied with.

If you need anything further, please advise.

On behalf of the Planning Board,

Peter Abair / 8MR
Peter Abair, Chairman

TO: Planning Board
FROM: Jody Kablack, Director of Planning and Community Development
RE: Street Acceptances, 2016 Annual Town Meeting
DATE: March 23, 2016

Below are my comments on the article to accept Trevor Way, Arboretum Way and Tall Pine Drive at the 2016 Annual Town Meeting. Bill Place and I inspected the streets recently, and recommend the following actions prior to acceptance:

Trevor Way

1. This street was approved as part of the Maillet Estates subdivision in 2006. The Board currently holds a surety bond in the amount of \$20,344 to complete all conditions.
2. The fire hydrant must be elevated approximately 1 foot from its current position.
3. Bounds must be installed at all lot corners and all angle points along the street, per the Subdivision Regulations.
4. The street must be swept and catch basins cleaned by the developer, and the Town Engineer notified for an inspection.
5. As-built plans have been submitted indicating construction in general conformance with the subdivision approval, and the Town Engineer has certified that the stormwater management system is functioning properly. Street trees have been planted. All other conditions of subdivision approval have been complied with.
6. A Certificate of Compliance has not been issued for the subdivision by the Conservation Commission, however the outstanding items are not related to the street or drainage system to be accepted by the Town if this passes at Town Meeting.

Arboretum Way

1. This street was approved as part of the Arboretum cluster subdivision in 2004. The Board currently holds a cash bond in the amount of \$106,331.
2. The developer must remove debris from the planting island in the cul-de-sac.
3. The street must be swept and catch basins cleaned by the developer, and the Town Engineer notified for an inspection.
4. Street trees have been planted along one side of the road. The opposite side, which abuts an agricultural field, has been planted with rhododendrons to allow for an open vista of the field. The Board should make a determination if additional street trees are necessary.
5. Each driveway abutting Arboretum Way requires a final coat of asphalt, which should be applied in the near future so that the Arboretum Way pavement is not impacted due to water collection at the driveway apron.
6. A bond estimate for the completion of Cutting Lane, a private way approved with the subdivision, must be calculated and funds submitted to ensure construction. The bond held for this subdivision only estimated costs for Arboretum Way.
7. As-built plans have been submitted indicating construction in general conformance with the subdivision approval, and the Town Engineer has certified that the stormwater management system is functioning properly. All other conditions of subdivision approval have been complied with.
8. A Certificate of Compliance has not been issued for the subdivision by the Conservation Commission, however it is under review and is anticipated to be issued.

Tall Pine Drive

1. This is an existing private way which was recently improved as a condition of the Dudley Brook Preserve/40 Tall Pine Drive Senior Residential Community Special Permit in 2013.
2. The Board currently holds a cash bond in the amount of \$85,000 to secure the final conditions of the special permit, including completion of Tall Pine Drive.
3. The Town Engineer is waiting to receive the as-built plan of the roadway and drainage system to determine if these improvements have been constructed in general conformance with the design plan.
4. A Certificate of Compliance has not been issued for the road improvements by the Conservation Commission, however it is under review and is anticipated to be issued.

I will communicate these issues, along with any other issued identified by the Planning Board, to the developers so that final arrangements can be made prior to Town Meeting acceptance. By statute, all issues must be satisfied within 120 days of the vote in order to qualify for final acceptance. It is anticipated that the minor items remaining on each street will be resolved in adequate time so that final acceptance can occur.

The Board of Selectmen will hold a public hearing on the list of street acceptances on April 5, 2016.

Subject: **Street Acceptances**

Dear Ms. Rodriquez:

The following is a status report on the three streets submitted to you for street acceptance at this May's Town Meeting.

Arboretum Way, "The Arboretum" Subdivision

1. Arboretum Way was constructed in general conformance with the Planning Board's rules and regulations governing the subdivision of land.
2. An as-built plan dated November 2015 prepared by David E Ross Associates Inc. is on file with the Engineering Department.
3. A certificate of compliance has not been issued by the Sudbury Conservation Commission.
4. There is currently a \$103,331.54 cash bond held to complete this subdivision.

Trevor Way, Mailett Estates

1. Trevor Way was constructed in general conformance with the Planning Board's rules and regulations.
2. An as-built plan dated February 17, 2016 prepared by Sullivan, Connors and Associates, is on file with the Engineering Department.
3. A certificate of compliance has not been issued by the Sudbury Conservation Commission.
4. Bounds have not been set at the beginning and end of all roundings and at all front and rear lot corners.
5. There is currently \$20,344.00 is a surety Bond to complete this subdivision.

Tall Pine Drive, Formerly Codjer Lane

1. This portion of Tall Pine Drive was originally laid out in 1835 by the Board of Selectmen as a private way, for the Abutters, see opinion by the assistant to Town Counsel Thomas M. French dated October 4, 1976.
2. Tall Pine Drive has been reconstructed by the Developer of Dudley Brook Senior Residential Community, 40 Tall Pine Drive.
3. Tall Pine Drive was reconstructed to a standard acceptable to the Department of Public Works.
4. A portion of Tall Pine Drive was constructed on land now or formally Bessie R. Noyes. In order to clear title to Tall Pine Drive it was agreed to prepare an Eminent Domain Taking Plan.
5. A certificate of compliance has not been issued by the Sudbury conservation Commission

If there are any questions, please advise.

Sincerely,

I. William Place, P.E.
Town Engineer/DPW Director

BOARD OF SELECTMEN
OF THE TOWN OF SUDBURY**TREVOR WAY**

LAYOUT OF A TOWN WAY

At a duly called and properly constituted meeting of the Board of Selectmen of the Town of Sudbury, a Municipal Corporation located in Middlesex County, Massachusetts, held on April 5, 2016, at Lower Town Hall, 322 Concord Road, in said Sudbury, in accordance with a duly posted notice filed with the Sudbury Town Clerk, at which a majority of the members were present and voting throughout the meeting, it was unanimously voted and ordered that:

WHEREAS, the Board of Selectmen gave written notice, as required by law, of its intention to lay out, relocate and/or alter a Town Way at its meeting on April 5, 2016, aforesaid, to be known as

TREVOR WAY

and such notice was given to the owners of the land which will be taken, or otherwise acquired for such purpose by deposit or delivery, and by posting, as required by General Laws, Chapter 82, Section 22, seven days at least before the time established for said meeting and layout, relocation and/or alteration;

WHEREAS, the proposed layout, relocation and/or alteration has been referred to the Planning Board of the Town of Sudbury, and the Planning Board has filed its report with the Board of Selectmen;

WHEREAS, pursuant to said notice, the Board of Selectmen met at the time and place appointed for the meeting and received all evidence submitted by those persons who desired to be heard;

WHEREAS, the layout of the said Town Way is shown on a plan entitled: "ROADWAY ACCEPTANCE PLAN OF TREVOR WAY STA. 0+00 TO 4+15.17 IN SUDBURY, MASS" dated March 14, 2016, by Sullivan, Connors and Associates, 121 Boston Post Road, Sudbury, MA 01776, a copy of which plan is on file in the Town Clerk's Office, which plan is made a part hereof and incorporated herein by reference, hereinafter called the plan;

WHEREAS, the Board of Selectmen of the Town of Sudbury have determined and adjudged that common convenience and necessity require that said way should be laid out as a Town Way;

NOW THEREFORE, we, the Board of Selectmen of the Town of Sudbury, having reviewed and considered all of the remarks, objections and evidence submitted to us, HEREBY DETERMINE AND ADJUDGE, under and by virtue of the power and authority vested in us by General Laws, Chapter 82, and all acts in amendment thereof and in addition thereto, and of every other power and authority

vested in us and hereto enabling, THAT COMMON CONVENIENCE AND NECESSITY REQUIRE THAT SAID WAY BE LAID OUT A TOWN WAY, to be known as

TREVOR WAY

and we do hereby lay out said way as a Town Way, with the boundaries and measurements of said way all set forth on the plan, which is a part of this layout.

No betterments are to be assessed for the improvements this layout will provide. The names of all property owners affected by this layout are set forth on the plan and, if in any instance, the name of a property owner is not correctly stated, the name of the supposed owners being given as of the date of this instrument, it is to be understood that in each such instance the land referred to is owned by an owner or owners unknown.

A copy of this layout will be filed with the Sudbury Town Clerk.

IN WITNESS WHEREOF WE, THE UNDERSIGNED, BEING DULY ELECTED AND QUALIFIED MEMBERS OF THE BOARD OF SELECTMEN OF THE TOWN OF SUDBURY, HEREUNTO SET OUR HANDS AND SEALS THIS 5TH DAY OF APRIL, 2016.

Walkways Article for TM 2016

- To see if the Town will vote to survey town road Right of Ways (RoWs) to determine where walkways may be designed and built without the need for easements over private property(s). Said surveys will also allow the Town to determine specifically where easements are required for walkway construction. Surveying is a resident talent within existing Town resources. No additional funding over the existing tax levy is necessary

4/3/16

1

Walkways (Background)

- **Town Meeting 2015**
- **ARTICLE 53. TOWN SIDEWALKS**
- To see if the Town will vote to prioritize the current building of sidewalks to provide walking access to public schools for all homes within two (2) miles of a public school.
- **“Passed by more than a majority” (M. Fox)**

4/3/16

2

Progress since Town Meeting

- P&CD updated the walkway process after TM (note: there were no changes in requirements for initiating design- specifically easements)
- Many residents were actively involved throughout 2015 persuing easements
- P&CD scheduled a Walkway Forum October 15, 2015 to discuss progress
- None of the priority walkways meet the easement requirements for initiating design

4/3/16

3

Discussion

- Walkway easements may not be the problem they are perceived to be.
- While road pavement varies from 20-25 feet, RoWs for these pavements vary from 20 to 50 feet
- When some priority walkway RoWs were checked against DPW records there appeared to be sufficient room for walkway design & construction

4/3/16

4

Discussion (continued)

- Validated Examples of RoWs
 - Concord Road Pavement Width: 25 feet
 - Concord Road RoW: 40 to 50 feet
 - Haynes Road Pavement Width: 20 feet
 - Haynes Road RoW: 32 feet

Recommended Way Forward

- Support the Town Meeting 2016 Walkways Article as Submitted to enable continued Walkway discussion and design.

Dan DePompei, Haynes Road

Proposed Warrant Articles for the Sudbury 2016 Town Meeting
Note: This wording has been approved by Town Counsel 1/25/2016

ARTICLE # TBD. TOWN WALKWAYS

To see if the Town will vote to survey town road Right of Ways (RoWs) to determine where walkways may be designed and built without the need for easements over private property(s). Said surveys will also allow the Town to determine specifically where easements are required for walkway construction. Surveying is a resident talent within existing Town resources. No additional funding over the existing tax levy is necessary.

Submitted by Petition.

DISCUSSION

Discussion: In Article 53 of Town Meeting 2015 the Town voted to prioritize the current building of walkways along Sudbury's roads. It is noted that Town Management has stated a major difficulty in designing and constructing said walkways is the need for easements over private property. Town policy passes the responsibility for obtaining easements to residents and neighbors along the proposed walkways. This perceived need for easements can be mitigated. Two lane roads in Sudbury are a nominal 24 feet wide. Road RoWs are, in many cases, 40 feet wide. Existing data indicates many RoWs may include sufficient space to permit walkway construction. Walkway space within a RoW can be determined by surveying road RoWs. Road location within the RoW can then be validated. Through this process the need, if any, for additional easements for walkway construction will be determined, validated and documented. The initial surveys for road RoWs and road location will be conducted for Priority Walkways identified in the 2001 Walkway Report. Follow surveys will be conducted for any/all roads within 2 miles of a public school and where current data indicates the road RoW is = or > 30 feet. Where existing walkways, existing RoWs and existing/agreed easements combine positively, the Department of Public Works will begin construction utilizing existing funds and other future funding as available.

The Official Website of the State Ethics Commission

State Ethics Commission

Home > Education & Training Resources > Educational Materials > Explanations of the Conflict of Interest Law > Special Municipal Employees Summary

Special Municipal Employees

The conflict of interest law, G.L. c. 268A, covers all municipal officials and employees, whether elected or appointed, paid or unpaid, full-time or part-time. However, two sections of the conflict law apply less restrictively to those part-time or unpaid municipal officials who have been designated as "special municipal employees."

"Special municipal employee" status can be assigned to certain municipal positions by a vote of the board of selectmen, board of aldermen, town council or city council. Several specific municipal positions are automatically designated as "special" under the law. Your position is eligible to be designated as a "special municipal employee" position provided that:

- you are not paid; or
- you hold a part-time position which allows you to work at another job during normal working hours; or
- you were not paid by the city or town for more than 800 working hours (approximately 20 weeks full-time) during the preceding 365 days.

It is the municipal position that is designated as having "special" status, not the individual. Therefore, all employees holding the same office or position must have the same classification as "special municipal employees." For instance, one member of a school committee cannot be classified as a "special" unless all members are similarly classified.

The designation may be made by a formal vote of the board of selectmen, board of aldermen, town council or city council at any time. Votes should be taken individually for each board or position being designated, expressly naming the positions being designated. Once a position is designated as having "special" status, it remains a "special municipal employee" position unless and until the classification is rescinded. A list of all the "special municipal employee" positions should be on file at the town or city clerk's office. This list should also be filed with the Ethics Commission.

Under no circumstances may a mayor, city councilor, town councilor, alderman, or selectman in a town with a population of more than 10,000 be designated as a "special." However, in towns of 10,000 or less, selectmen are automatically considered "special" employees. Other municipal positions in towns with a population of less than 10,000 must still be designated as "special municipal employee" positions by the selectmen.

The Legislature may also designate certain positions to have "special municipal employee" status. For example, board members and part-time employees of local housing and redevelopment authorities are defined by law as "special municipal employees" and do not need to have local authorities approve their designation as "specials." (See G.L. c. 121B, section 7.)

THE CONFLICT LAW IS LESS RESTRICTIVE FOR "SPECIALS"

Only two sections of the conflict of interest law apply less restrictively to "specials", §§ 17 and 20. All other sections of the conflict law that govern regular municipal employees apply to "special municipal employees" in exactly the same way. See the Summary of the Conflict Law for Municipal Managers or the Practical Guide to the Conflict Law for Municipal Employees for information on your responsibilities under the law (these publications are available from the State Ethics Commission). Remember that even if you serve on an unpaid part-time board or commission, you are still considered a regular municipal employee, unless your position has been expressly designated as having "special municipal employee" status.

Section 17 - Acting on Behalf of Others

Section 17 generally prohibits municipal employees from representing a private party before municipal boards or departments. It also prohibits municipal employees from acting as agent (or attorney) for a private party in connection with any matter of direct and substantial interest to their city or town. Finally, it prohibits municipal employees from accepting pay or other compensation in connection with any matter of direct and substantial interest to their municipality.

However, if you are a "special municipal employee," you may:

- represent private parties before municipal boards other than your own, provided that you have not officially participated in the matter and the matter is not now (and was not within the past year) within your official responsibility;
- act as agent for private parties in connection with a matter of interest to your city or town, provided that you have not participated in the matters as a municipal official, and that the matter is not (and has not been, during the past year) within your official responsibility; and
- receive pay or other compensation in connection with matters involving your city or town, provided that you have not officially participated in the matters and they are not (and have not been, within the past year) within your official responsibility.

Example: You are a Conservation Commissioner. The Commission has been given "special municipal employee" status. You are also an engineer in private practice in town.

- You may be hired as site engineer and represent a private development company at a Planning Board hearing, as long as the hearing does not in any way involve Conservation Commission matter.
- However, if the hearing is about a wetlands dispute, you could not represent the developer before the Planning Board because the matter is under your official responsibility as Conservation Commissioner.
- Also, if you prepare site plans, blueprints, structural analyses or other professional documents, you may not allow the developer to submit those materials to the Conservation Commission (or to any other municipal boards, in connection with matters under the Conservation Commission's responsibility).

- Also, you may not be paid for giving the developer advice about how to get his project approved by the Conservation Commission, or for any other activity related to the Conservation Commission review process.

Note that the prohibition against "acting as agent" covers any type of activity that involves representing someone other than your city or town. Activities which can be considered "acting as agent" include: serving as someone's spokesperson; making phone calls or writing letters; acting as a liaison; affixing professional seals or signing supporting documentation; and participating as an electrician, plumber or other contractor during municipal building inspections. For more information about section 17, request Advisory No. 13: Municipal Employees Acting as Agent from the State Ethics Commission.

Section 20 -- Restrictions on Having an Interest in Contracts with your City or Town

Section 20 generally prohibits municipal employees from having a direct or indirect financial interest in a contract with their city or town. However, there are many exemptions in this section of the law. For instance, a municipal employee may own less than 1% of the stock of a company that does business with the municipality.

Also, a municipal employee may have a financial interest in a contract with a municipal department which is completely independent of the one where he works, provided that the contract has been publicly advertised or competitively bid, and the employee has filed a disclosure of his interest in the contract with the city or town clerk. Note that there are additional requirements for personal services contracts: contact your town counsel or city solicitor or the State Ethics Commission's Legal Division for more information.

However, if you are a "special municipal employee," you have two additional exemptions to section 20:

As a "special municipal employee," you may have a financial interest in a contract with a department which is completely independent of the one where you work, provided that you file a disclosure of your interest in the contract with the city or town clerk (there is no "public notice" or "competitive bid" requirement for this "special municipal employee" exemption).

As a "special municipal employee", you may even have a financial interest in a contract with your own department (or with a department which has overlapping jurisdiction with your department), provided that you file a disclosure of your interest in the contract with the city or town clerk and the board of selectmen, board of aldermen, town council or city council vote to grant you an exemption to section 20.

Example: You are a member of the School Committee, which has been given "special municipal employee" status. You also own a hardware store in town.

- You may sell light bulbs to the town's Department of Public Works, because Public Works is not under the jurisdiction of the School Committee; however, you must file a disclosure of your interest in the light bulb sales with the Town Clerk.
- You also may sell light bulbs to the School Department (which is under the School Committee's jurisdiction), but only if you file a disclosure of your interest in the light bulb sales with the Town Clerk and the Board of Selectmen vote to exempt your light bulb sales from the restrictions of section 20.

For more information about restrictions on holding an interest in municipal contracts, contact your city solicitor or town counsel or the Legal Division of the State Ethics Commission.

Section 20 -- Restrictions on Holding Multiple Municipal Positions

Because the restrictions of section 20 also apply to employment contracts, municipal employees are generally prohibited from holding more than one municipal position. However, there are many exemptions to this general prohibition. If you are a municipal employee -- regular or "special", you may:

- hold any number of unpaid positions, because you do not have a financial interest in any of the positions (however, if you hold even one paid appointed position, you must look for other exemptions);
- hold any number of elected positions, whether paid or unpaid, because you serve in those positions by virtue of your election, rather than because of an appointment or employment contract (however, if you hold even one paid appointed position, you must look for other exemptions); and
- in some instances, you may hold more than one paid appointed position, provided that the jobs are in separate departments (which do not have overlapping responsibilities) and all paid jobs have been publicly advertised. However, your board of selectmen, board of aldermen, town council or city council must vote to exempt you from section 20, and there are also other requirements you must meet. For more information, see Advisory No. 7: Multiple Office Holding from the State Ethics Commission, or contact your town counsel or city solicitor or the State Ethics Commission's Legal Division.
- If you serve in a town with a population of less than 3,500, you may hold more than one position with the town if the board of selectmen formally approves the additional appointments.

If you are a "special municipal employee", you may also:

- hold any number of other "special municipal employee" positions, provided that the positions are with totally independent departments and you file a disclosure of your financial interest in all the positions with the city or town clerk;
- hold any number of other "special municipal employee" positions, even if the departments' jurisdictions overlap, provided that you file a disclosure of your financial interest in all the positions with the city or town clerk, and the board of selectmen, board of aldermen, town council or city council vote to exempt you from section 20.

Example: As a Cemetery Commissioner, you are a "special municipal employee."

- You may also hold "special municipal employee" positions on the Board of Library Trustees and on the Waterways Commission, because the three positions are completely independent of each other. However, you must file a disclosure of your financial interest (e.g., stipends, per diem payments, salary) in the positions with the Town Clerk.

If you wish to hold a "special municipal employee" position with the Department of Public Works (which maintains buildings on the cemetery grounds) or as the town's Tree Warden (who cares for the trees on the cemetery grounds), you must file a disclosure of your financial interest in the positions with the Town Clerk, and the Board of Selectmen must vote to exempt you from section 20.

For more information about holding more than one municipal position, request Advisory No. 7: Multiple Office Holding from the State Ethics Commission, or contact your town counsel or city solicitor or the State Ethics Commission's Legal Division.

* * *

The definition of "special municipal employee" can be found in section 1(n) of the conflict of interest law (G.L. c. 268A). Note that town councils are empowered by G.L. c. 39, section 1 to exercise all duties and powers of boards of aldermen.

* * *

Commission Fact Sheets are prepared and issued by the Public Education Division of the State Ethics Commission. They are intended to provide guidance to public officials and employees concerning practical applications of the conflict law. For further information, contact your town counsel or city solicitor, or the Legal Division of the State Ethics Commission.

TOWN OF SUDBURY EVALUATION PROCESS FOR THE TOWN MANAGER

PREFACE

The Sudbury Board of Selectmen is committed to an evaluation process that is positive, constructive, and measurable in assessing performance. The BOS seeks to provide sound and regular feedback to the Town Manager throughout the year. The purpose of the evaluation instrument is to formally appraise the Town Manager's performance on an annual basis. The BOS will assess the Town Manager's performance in management practices and in the accomplishment of goals. The evaluation process should be implemented with mutual respect for all involved, to assist the Town Manager in reviewing her effectiveness and to work toward the common goal of improving the Town of Sudbury.

PROCESS

The evaluation shall consist of:

SECTION 1: A narrative self-evaluation completed by the Town Manager, addressing major areas of responsibility and progress in meeting the goals agreed upon by the BOS and the Town Manager.

SECTION 2: A composite evaluation based on a checklist of the Town Manager's major areas of responsibilities. Each Selectman will complete an individual checklist review form to evaluate each area. The composite evaluation scoring for each area will be an average of the Selectmen's individual ratings, with each Selectman's score weighted equally. The Town Manager Evaluation Subcommittee will provide a draft summary of the comments provided by the Selectmen for each area, to be approved by the BOS.

SECTION 3: A composite evaluation concerning the Town Manager's progress in meeting the goals agreed upon by the BOS and the Town Manager. Each Selectman will complete an individual narrative concerning the Town Manager's progress in meeting these goals. The Town Manager Evaluation Subcommittee will provide a draft summary of the comments provided by the Selectmen for each goal, to be approved by the BOS.

PROCEDURE AND SCHEDULE

By **October 15** each year, the BOS will establish or update goals for the Town of Sudbury that may be annual or multi-year objectives, with a focus on the following calendar year. Within the context of these goals, the BOS and Town Manager together will outline specific annual goals, for the upcoming calendar year, to assist the Town Manager in identifying her role in implementing the Town goals. The BOS will establish a Town Manager Evaluation Subcommittee to draft these goals. The Town Manager's goals will be established by the end of **November**. The Town Manager also may establish administrative goals for the Town staff.

Throughout the year, individual Selectmen should identify any performance concerns or recommendations and discuss these directly with the Town Manager. Substantial concerns, including any that require corrective action, should be discussed by the BOS in an open session. In any event, the BOS will conduct an informal discussion concerning the Town Manager's performance in **July or August** each year.

To initiate the formal review process, the Town Manager will submit a narrative self-evaluation to the BOS by **March 1** each year, addressing the prior calendar year. Each Selectman will complete an individual Section 2 checklist form and a Section 3 goal narrative and submit these to the Town Manager Evaluation Subcommittee by **March 15**, evaluating the Town Manager's performance for the prior calendar year.

These individual evaluations, combined with information from the Town Manager's self-evaluation, will be compiled by the Subcommittee into a draft composite evaluation. The Subcommittee will then meet with the Town Manager to discuss the draft evaluation. The Subcommittee will submit the draft evaluation to the board by the first BOS meeting in **April**. The BOS will review and approve the evaluation by **April 30** to ensure that those members who have supervised the Town Manager during the preceding calendar year vote on the evaluation. All BOS discussion of the evaluation will occur in an Open Meeting and both individual and composite written evaluations will be available as public records.

The BOS will generally conduct the salary review for the Town Manager in **June** of each year.

FOR 2016: The process for 2016 will be different given that the Town Manager commenced employment on December 1, 2015. In the summer of 2016, the BOS will conduct an informal evaluation discussion with the Town Manager concerning the Town Manager's performance since December 1, 2015. Then, starting in March 2017, the BOS will follow the process described above to evaluate the Town Manager's performance from December 1, 2015, through December 31, 2016.

TOWN OF SUDBURY TOWN MANAGER EVALUATION FORM

Instructions

A space has been provided for each statement within the performance areas. Check the number which most accurately reflects the level of performance for the factor. If you did not have an opportunity to observe or make a determination on a particular factor, please indicate so in the N/A space. Selectmen are encouraged to provide comments and suggestions, especially concerning significant areas of strength or weakness.

Rating Scale (1-5)

(1) Below Expectations/Unsatisfactory:

The Town Manager's work performance is inadequate and inferior to the standards of performance required for the position.

(2) Meets Some Expectations/Improvement Needed:

The Town Manager's work performance does not consistently meet the standards of the position.

(3) Meets Expectations/Satisfactory/Proficient:

The Town Manager's work performance consistently meets the standards of the position.

(4) Exceeds Expectations/Highly Effective:

The Town Manager's work performance is frequently or consistently above the level of a satisfactory employee.

(5) Excellent/Highly Commendable:

The Town Manager's work performance is consistently excellent when compared to the standards of the job.

Draft for 1.19.16 meeting

FROM: Len Simon
TO: Board of Selectmen, Town Manager
RE: Vocational Education Guidance Committee
DRAFT MISSION STATEMENT

Vocational Education Guidance Committee Mission

To evaluate the vocational high school of choice for Sudbury students beginning in school year 2017-2018 and to make a recommendation to the Town, Board of Selectmen, and stakeholders regarding such a choice.

To consider transportation arrangements and transportation costs, for Sudbury students to attend a vocational education high school, and report accordingly.

To consider becoming a member of a vocational high school district.

To answer questions and concerns from parents, students, and educators regarding the committee's mission and recommendations.

To consider working collaboratively with other towns, in particular Wayland and Lincoln, as the committee pursues its mission.

Golden, Patricia

Subject: Re: Vocational high school committee

Good morning Bella,
 You have raised good questions.
 Because a number of people involved with this committee are LS, SPS, or town staff, I would prefer to have the meetings the afternoon or late afternoon so people would not have to return to town to attend.
 I will try to arrange for use of a conference room at LS or Curtis Middle School for convenience, as well. I would like to cap each meeting at about 90 minutes.

Since the issues of 1) the vocational high school of choice, 2) transportation, 3) cost and 4) the application process, will need answers by October, I would like to focus on those issues between now and October, a window of about 6 months. I would expect 6-7 meetings during that time, with individual committee members attending to tasks between meetings, and then reporting back to the entire group.

I envision an efficient and cohesive working group.

In all respects, I'd like to have suggestions from every stakeholder, and I encourage feedback.

I hope this adequately addresses your questions.

I am cc'ing Anne on this as her staff may have similar questions.

Len

Attachment7.b: Email_Len_Bella (1722 : Vocational Mission Statement)

Thank you Len. Do you have an idea what the time commitment would be? When meetings would take place? I may have staff who are interested but are wondering about those questions.

Thanks
Bella

On Thu, Mar 31, 2016 at 3:50 PM, Leonard Simon <lensimon@comcast.net> wrote:

Hello All,

The board of Selectmen is putting together a committee to review vocational high school opportunities for our student beginning in September 2017, when we are no longer in the Minuteman District.

One objective is to provide information and guidance for the town in general, and to answer questions from parents and students who are thinking about the vocational education path.

I am asking the Middle School and L-S to each designate one or more persons to serve on this committee. Anne and Bella, you are, of course, welcome to serve personally, if you wish. A middle school or high school guidance counselor would be helpful, as well.

For the moment, the Town Manager and I will be members. Dave Manjarrez has indicated a willingness to serve as well.

I would very much like to have some parents on this committee. If there are any parents whom you know who might be interested in being part of this committee kindly pass their names on to me, or, contact them directly if you feel that would be more appropriate.

The committee will look into 1) which vocational educational high school would be the best option, 2) transportation options and costs, and 3) becoming a member of a vocational education district in the future, and 4) other topics the committee feels should be addressed.

One item that has been suggested is to invite the vocational high school recruiters to address the Curtis Middle School students and parents in the fall, possibly October, for the school year beginning September 2017.

The committee will certainly take into account the information and recommendations from the VEOC.

I welcome any further thoughts or suggestions you might have to advance the objectives of this committee. I look forward to hearing from you.

Len Simon

CONSENT CALENDAR ITEM**12: Loring parsonage**REQUESTOR SECTION

Date of request:

Requestor: Permanent Building Committee

Formal Title: Vote to approve award by the Town Manager of various construction contracts and such other contracts as approved by the Permanent Building Committee necessary to rehabilitate the Loring Parsonage, funded by the Sudbury Historical Society by donation to the Town which are related to the repurposing of the Loring Parsonage as a Sudbury History Center and Museum.

Recommendations/Suggested Motion/Vote: Vote to approve award by the Town Manager of various construction contracts and such other contracts as approved by the Permanent Building Committee necessary to rehabilitate the Loring Parsonage, funded by the Sudbury Historical Society by donation to the Town which are related to the repurposing of the Loring Parsonage as a Sudbury History Center and Museum.

Background Information:

The Sudbury Historical Society (SHS) has received a grant for which initial funding only has been donated to the Town for the purpose of rehabilitating the Loring Parsonage. Design funding is continuing and will not utilize all of the initial funding received. No further funding will issue until the initial funding has been spent. Additionally, the Town cannot contract unless the funds are in hand. Therefore, in commissioning any construction/repair project, the Permanent Building Committee needs flexibility both in regard to the procurement and the ability to complete the projects so as to meet the State requirements. This request will facilitate the process of contract execution.

Board of Selectmen
Flynn Building
278 Old Sudbury Road
Sudbury, MA 01776

Members of the Board of Selectmen:

On behalf of the Sudbury Companies of Militia and Minute, I am writing you to request permission for us to host our annual parade to commemorate Patriot's Day. As has been the tradition, the Sudbury Companies of Militia and Minute will observe Patriot's Day on Tuesday, April 19, 2016 with our annual March from Sudbury Center to the Old North Bridge in Concord. Our campaign will be approximately 40-50 strong.

Our route will follow the same path as last year, starting from the Sudbury Town and following Concord, Pantry and Dakin Roads. We will stop at the Old Town Cemetery and North Cemetery. We have contacted the Sudbury Police Department and have requested a patrol car to escort us to the Concord town line.

You will find a copy of our itinerary including an approximate timetable. I will be in discreet possession of a mobile phone during the march should it become necessary to communicate with you. If you should have any questions or require additional information from me prior to April 19, you can reach me at _____ (mobile) or route@sudburyminutemen.org by mail at the address below.

Respectfully submitted,

Dana Rock
Route Committee Chairman

Leila,

My only reservation with this event is behavior that has been exhibited in the past such as horses riding over resident's lawns. I believe they have taken steps to respect resident's property and improve overall behavior so if they could be reminded to continue those steps. Thank you!

Subject: Re: Requesting permission to host a Patriot's Day parade

Leila,
 The Chief is 100% correct on this. This was an issue in the past and has since been resolved. There was a gentlemen with the unit a few years back that was very disrespectful and was riding on people's lawns. This person was asked to leave the unit after many such instances. He will no longer be riding with us. In fact we do not intend to have any mounted troops with us this year.

Please let me know if there are any other concerns that I can address.

Thank you

Subject: Sticker Price FY17 – Transfer Station

We have reviewed the revenues and expenditures for the Transfer Station Enterprise Fund. Revenue from bulky waste permits, stickers, bags and recycling have remained consistent this year. We continue to experience a decrease in the tonnages of trash and bulky waste. This in turn reduces our expenses in the Hauling Line and may reflect a small cut in the amount of revenue for bulky waste permits. This should not adversely affect the Revenue vs. Expense outcome for the Transfer Station, as it will end up being a wash with less revenue from bulky waste permits against less expense for reduced hauling tonnages.

The current cost for solid waste disposal is \$71.00 per ton with a small \$2.00 per ton increase due to begin in July 2016.

In summary, I would recommend that there be no increase in the price per Transfer Station sticker for FY17. Please do not hesitate to contact me if you have questions.

Sincerely,

Denise Barter
