PUBLIC WORKSHOP

Public Workshop – Hazard Mitigation Plan Update

The Town is currently updating the 2010 Hazard Mitigation Plan. This plan is important because it helps the Town remain eligible to receive funding for projects that reduce the risk of injury or damage to property from future natural hazard events such as flooding and hurricanes. Please join us to hear about the progress on the plan's update, learn about the mitigation actions for inclusion in the plan's update and contribute to the process.
