Sudbury Health Dept. Weekly COVID-19 Report as of September 9, 2020

The Sudbury Health Department is actively monitoring the status of the COVID-19 pandemic among Sudbury residents. The reporting structure below is designed to balance the privacy of affected residents, while keeping the public informed about COVID-19 activity among Sudbury residents on a weekly basis. The frequency and format are subject to change. It is important to understand that these numbers DO NOT include positive cases among non-residents, who work in Sudbury ONLY THOSE who LIVE IN SUDBURY.

Table 1. Distribution of confirmed and clinically diagnosed cases in Sudbury

COVID-19 Diagnosis	Total Cases	New Cases	Active cases	Recovered/off quarantine
Confirmed* COVID-19	220	6	6	179
Probable** COVID-19	39	0	0	36
Contacts***	141	3	3	138

*Confirmed cases are individuals who had a positive lab test.

**Probable cases are individuals, who had positive antibody/antigen testing and/or were clinically diagnosed with COVID-19 because of symptoms and confirmation of close contact with COVID-19, but were not lab tested. Probable cases may also include individuals whose death certificate listed COVID-19 as a cause of death, who were not lab tested.

***Contacts are people who were exposed to a positive case and were quarantined (exposed but no illness).

Table 2. COVID-19 cases in the community versus long term care facilities

Sudbury Community Cases	74
Long Term Care Confirmed Cases	146

Table 3. COVID-19 cases by gender and age

Female	129
Male	91
0-20	6
20-40	23
40-60	37
60-80	70
>80	84

Please Note: These estimates are based upon data reported by the Massachusetts Department of Public Health (MDPH) and change frequently. This report reflects the data available to the Sudbury Health Department on a weekly basis, ending each Wednesday at 12 midnight. Classification of the Events can change based on testing. An example of this would be if an individual identified as a contact became symptomatic and then tested positive, this would change their classification to a confirmed case.
