

Park and Rec Commission 6:30 Dec. 3, 2018

A member off and on since 1990 – one of the reasons for locating in Sudbury

Recently three people in our small group have been ill – 2 with colds, one with pneumonia.

Recently (months) we have been doing our program in a cold pool with a cold breeze (air flow) aimed right at us.

Women's Locker Room showers, tile, seating

Pool issues

Blower system

Corridor Heat

Water Temperature of recreational pool

Concord 81 lap. 83 child, dive well 82-83; therapy 900-91

YMCA Framingham 84

Longfellow Wayland 84

Wayside Marlboro 84

Atkinson Sudbury 80 (most days) or less

National recommended temperature 82-84

International standard recreational pools 28-29 centigrade (82.4-84.2 Fahrenheit)

Air quality – understand that the DCL meet has cancelled because of it.

Red Cross Membership? (Instruction)

Pool Membership ...compare several years

Pool Staff? Longevity? Certification?

Vacancy fills (certified?)

Coordinate senior offerings with the Senior Center to avoid conflicts

Not a Pool Issue – but a comment on the brochure 4 new offerings for seniors conflict with programming at the center. Few over 50 ever heard of the suggested programs. Suggest that the 4 yearly brochures be printed at lower cost – current printing is expensive and that \$ used for program or staff.
