### **Welcome to Envision Sudbury – The Town’s Comprehensive Master Planning Process**

Envision Sudbury is our town-wide Comprehensive Master Plan that explores the current and future challenges faced by our community and identifies opportunities to reinforce our collective vision for a strong future. The Comprehensive Master Plan (the “Plan”) will help the Town prioritize the goals and needs of the community and create an action plan to move forward. Your input is essential as we embrace and shape Sudbury’s future and protect what we cherish.

The Plan for Sudbury addresses topic areas related to the physical, economic, and social life of the town, as required by the Commonwealth of Massachusetts guidelines.

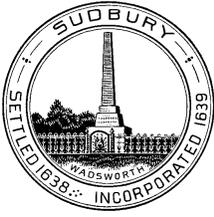

The Envision Sudbury Master Plan will include:

- A community-wide vision for the town that includes comprehensive long-term goals and policies, as well as strategies to achieve them.
- Long-term goals in the context of the next 10-15 years.
- Recommendations to achieve these goals within this timeframe.

The Plan is all about creating the big-picture framework that will guide everything the Town does in the coming decades with regards to land use/zoning, open space/recreation, economic development, sustainability, transportation, infrastructure/facilities, and cultural/historic resources.

Please complete the application and return to the Office of Planning and Community Development via email or in person by noon on October 29, 2018.

Thank you for your interest!
