

WHAT IS HOME TO YOU?

From basic design to ambitious detail, the ideal home often starts with a PERSONAL INSPIRATION. A rich color that draws your eye, or a new twist to an established style. It's an infusion of craftsmanship and artistry, distinctive in personality from the angles of the rooftop to the color of the front door. Most of all, the ideal home is a familiar and welcoming space, a mix of quality and culture . . . uniquely revealed in the spirit of you.

A FEW QUICK TIPS:

- Rule of thumb: use 3 – 6 colors, depending on the siding and trim
- If you choose to use 2 siding colors on the same home, use the darker shade on the bottom
- One trim color and one accent color for doors and shutters
- Mix siding with shakes, scallops or stone veneer for custom appeal
