This regional office serving Sudbury residents can provide free information and referrals to families who are in need of

childcare. They also provide ongoing education to licensed home childcare and center-based providers, and can answer specific questions about a program you are considering. This agency manages the statewide childcare subsidy wait list. Vouchers are available to those who qualify based on income and "activity". Activity requirements are that parent(s) in the home are working a minimum of 20 hours per week for part-time care or 30 hours per week for full-time care, or in school (other than graduate school).
