

Hello Prayer Warriors!

Some things to keep in mind as you pray:

1. Prayers of thanksgiving for the overturning of Roe v. Wade.
2. For pro-life laws to be enacted in Indiana and the nation, and for legal battles to turn in the favor of LIFE. Praise that the abortion ban that was passed in 2022 is now in effect in Indiana.
3. For the total end to abortion and change in hearts and minds. For the closing of the Planned Parenthood in Fort Wayne. Praise that all abortion performing clinics are now illegal in Indiana.
4. For the men and women who are contemplating abortion – that they are touched by the humanity and imago dei (image bearing) of their child, bonded to them and overcome with the instinct to protect them.
5. For the abortion workers everywhere – that their eyes are opened to see the women and children as the victims they are, that they turn back from the abortion industry and find grace and healing through Christ.
6. For pro life advocates – that we speak only in love, charity and truth, that our movement finds unity and peace and that we strive to be the most effective we can at preserving the lives that God gives.
7. Prayers for all elected leaders and judges. Pray that they might value life in every decision so that all life is protected by the law. For legislators to withstand the pressures of public opinion, and to follow God's plan for their time in positions of leadership.
8. Prayers for sidewalk advocates. That our advocates will be the hands and feet of Christ to the women who come to Planned Parenthood.
9. Prayers for pregnancy care centers as they directly save babies and help women in need.
10. Prayers for ballot initiatives around the country and that life will be protected through these.

Thanks to God for all He has done!
