

## **Safety at the Abortion Clinic**

### **Never Stand Alone**

- There must be 3 vigil participants for each time slot
- Wait in your car until everyone arrives to stand with you.
- Pray in your car if there are less than 3 people.
- You may leave if no one shows up.
- Park your car where you can see it.
- Stay inside the yellow lines in front of the clinic.
- Stay away from the driveway entrance and the curb.

### **Be a peaceful witness**

- You are there to pray and to offer support to women in crisis.
- We can supply you with pregnancy and healing resource cards.
- 40 Days for Life signs are available for you.
- You may hold your own sign with a positive image and message.
- Do not hold graphic or negative signs.

### **Use common sense**

- Keep your purse, wallet, cellphone, and car keys with you.
- Do not lock your purse or valuables in your trunk. Bad actors know how to get into your trunk.
- Minimize chatter with fellow participants.
- Be focused on what is happening around you.
- Pray the rosary only if everyone is comfortable with it.

### **Always be polite and stay calm.**

- Never yell back if someone yells at you from a car or in person.
- Angry people are often hurt people. Pray for them.
- The enemy is Satan, not the woman going in, nor the doctor and her staff.

### **If you feel uncomfortable or threatened**

- Calmly go to your car.
- Call 911 if necessary.
- If you call 911, wait in your car until the police arrive.
- If you are able to safely do so, take a picture or video from your car.

**Notify Stan on the Tracfone 726.255.6047, or Vicky, or your daily coordinator, as soon as possible if you had encountered any problems or if you had to call 911.**
